RE: Docket # 55067 – Link to J3

To: PUCT Commissioners

Commissioners,

After reading the June 8, 2023, testimonies of Mr. Harsh, P.E., Oncor representative and Mr. Russell J. Maursak, with Halff, I wondered if “prudence avoidance” was actually considered concerning the Link J3?

Also, in the Commissions Certificate of Convenience and Necessity, Chapter 37, Section 37.056, it states:

(a) The commission may approve an application and grant a certificate only if the commission finds that the certificate is necessary for the service, accommodation, convenience, or public safety of the public.

Also, in the same Chapter and Section 37.056,

(c) The commission shall grant each certificate on a nondiscriminatory basis after considering:

(A) Community values

(D) Environmental integrity

Commissioners, I truly think Oncor has not considered the “Safety of the public, the community values, or the environmental integrity” of our community, Legacy Ranch, Justin, TX.

We ask you, the Commissioners, to inquire on our behalf, Legacy Ranch, Justin, Texas, that Oncor STOP the Link J3 segment from being considered in the proposed Ram Horn Hill-Durham 345 Kv Project.

Thank you for your support!
