Application of Oncor Electric Delivery Company LLC
for the Ramhorn Hill to Dunham 345kV Transmission Line

PUC of Texas Docket #55067

Karen Templeton

Statement of Position

I am Todd Templeton and I own property that is within 1,200 feet of the proposed M8 segment. I object to routes 1, 65, 67, 68, 69, 72, 96, 142, 143, 191, and 192 but do not object to route 179 which is the Oncor proposed route.

I oppose any route with link M8 for the following reasons:

1. The health and safety of my family and pets from long-term exposure to electromagnetic fields.
2. Decrease in my property value due to the presence of this powerful electric transmission line running so close to my neighborhood and property.
3. Proximity to Propwash Airport (16X) which would endanger the lives of all pilots and passengers flying in and out of this public use airport, which is a very important asset to the local general aviation community.

Signed July 31, 2023
