- c. If you cannot agree to support or "not oppose" Route 179R, please explain why.

Response:

- a. My property would not be directly impacted by the Route of 179R, but I do believe my property would be directly affected by the Route of 179R.
- b. I would not support Route 179R.
- c. I would not support Route 179R because of the following segments: H8, I8, and J3. Justin is a small town in regards to square footage. I believe that any high voltage power lines that run through or close to the city will have a negative impact on property values and quality of life for the residents of Justin, TX. I also believe that these lines will interfere with the City of Justin's plans to connect all the parks and areas of the city via sidewalks and walkways.
