There is 0 need to have E8 and F2 built as this is right along my backyard. Not sure if you have been to the area but the airplanes fly less than 200 Ft at times, not to mention me and my families increased cancer risk as these are death poles. Also my property value goes down, and I haven't heard of us getting compensated even 1 penny for any of this. Please use an alternate route that doesn't slowly kill the humans living under/neath/next to them.
