## Request to Intervene in PUC Docket No. 55067

The following information must be submitted by the person requesting to intervene in this proceeding. This completed form will be provided to all parties in this docket. If you DO NOT want to be an intervenor, but still want to file comments, please complete the "Comments" page.

For USPS, send one copy to:

Public Utility Commission of Texas  
Central Records  
P.O. Box 13326  
Austin, TX 78711-3326

For all other delivery or courier services, send one copy to:

Public Utility Commission of Texas  
Central Records  
1701 N. Congress Ave.  
Austin, TX 78701

First Name: Greg Last Name: Maberry

Phone Number: 325-665-6023 Fax Number: \_\_\_\_\_

Address, City, State: 12831 Helen Road, Justin, TX 76247

Email Address: Greg09Ag@gmail.com

**I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:**

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

**Please check one of the following:**

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary.

Signature of person requesting intervention:

Date: 7/17/23

Effective: April 8, 2020

I am submitting a request to intervene based upon the factors listed below. There are more southern routes that limit and eliminate these factors. Routes O2, O3, O7, O8, M7, M8, L4 and L5 all negatively affect my family and myself. While all routes listed are detrimental, route M8 is the most detrimental as it lies 800 feet from my home.

- Most importantly, the result of long-term exposure to Electro-Magnetic radiation during growth and development is well documented, and has shown to result in an increase in life altering illnesses among children, of which I have one infant, and another on the way. Exposure can be measured up to two miles away.
- Prudent avoidance has been ignored in the designation of these routes, passing well within the boundaries of habitable structures.
- The towers will provide a negative quality of life, and eliminate the reasoning for living in the area.
- The tower will result in reduced property value.
