I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other Please describe and provide comments. You may attach a separate page, if necessary.

Route M8 does not conform to the policy of prudent avoidance to limit electric and magnetic fields, nor does it use existing compatible rights-of-way set forth by the PUC's own consideration factors. Route m8 does not meet multiple criteria for transmission lines that have been proposed.
