I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary.

I am a resident of Reatta Ridge in Justin, TX and live on Wilkerson Lane. My house would be directly affected by the proposed Oncor power lines. I adamantly oppose having these monstrosities in my backyard. I purposely bought this lot because of the beautiful trees and wildlife being so nearby. My husband is disabled, and we are both elderly. We searched for about two years to find the perfect place that was peaceful and quiet where we could sit outside and enjoy nature without being too far from family.

Cutting down all the trees along Trail Creek would be a travesty. Surely, there is another route that wouldn't disturb the environment to such a monumental extent. There are coyotes, rabbits, ducks, and hawks as well as numerous other species of birds and wildlife. We even have lightning bugs!!

Please reconsider taking another route. There must be a more unpopulated area nearby that could be used. Everyone on Wilkerson Lane has just built these homes and most of us have lived here less than a year. I would never have bought here if I had known a power line was going in. The economic impact would be horrendous on everyone along the creek if this happened.

I have attached photos so you can see how close I am to the creek and the impact it would have if you were to cut down all the trees. I'm only 13 feet to the tree line from my back fence and about another 20 feet to the creek. Please, we do not want giant, buzzing power lines so near to us.

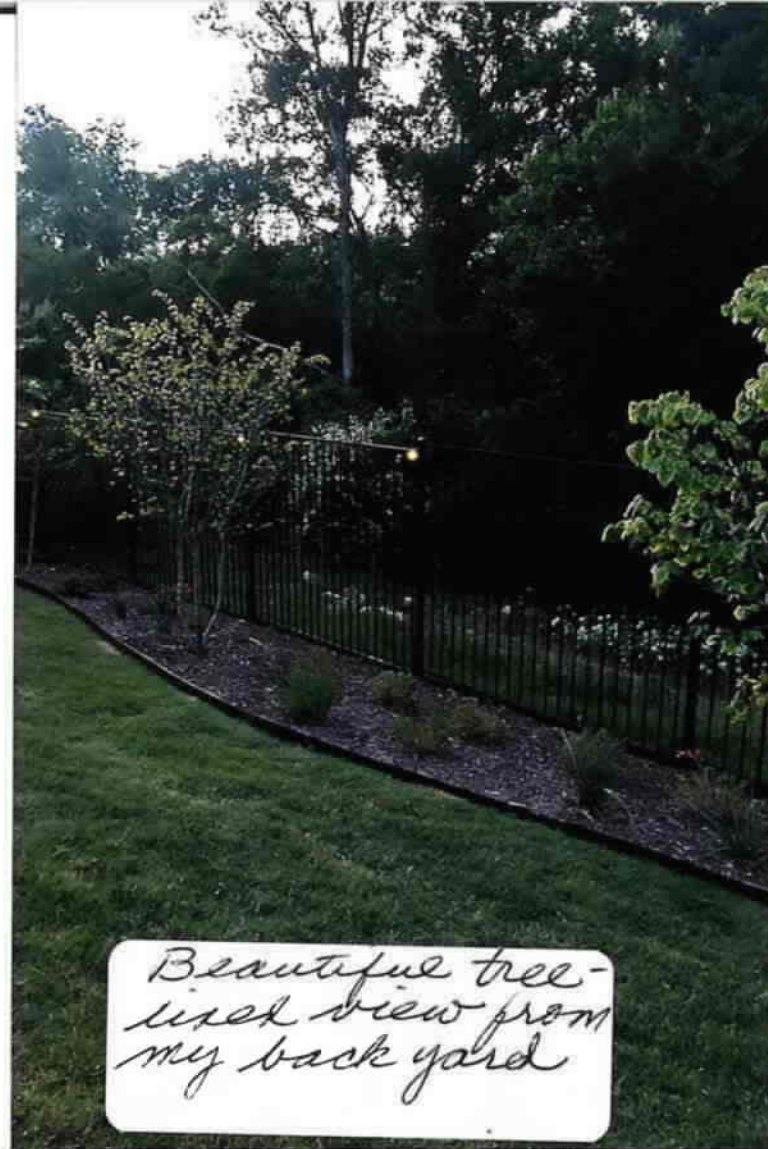

Thank you,

Carla Crockett

Beautiful tree-lined view from my back yard

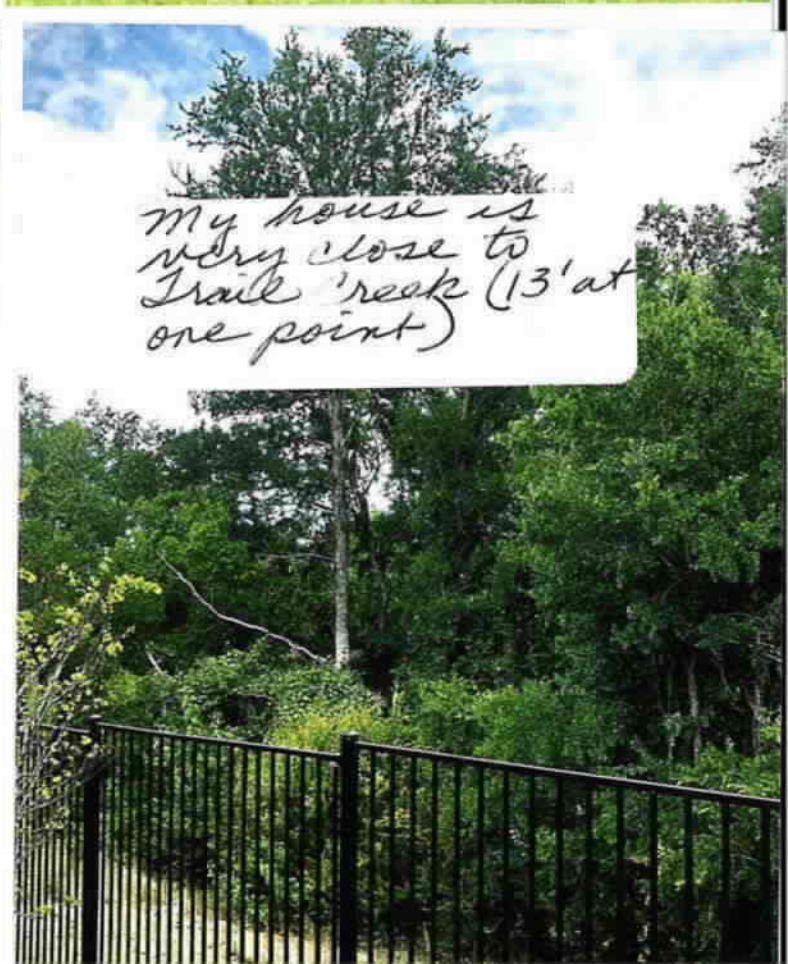

Home to hawks, rabbits, ducks, and many species of birds

Natural habitat for coyotes, raccoons, rabbits etc.

Property values for many houses along creek will decrease

My house is very close to Trail Creek (13' at one point)
