I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☐ One or more of the utility's proposed routes would cross my property.

☐ Other. Please describe and provide comments. You may attach a separate page, if necessary.

I own land next to the MS proposed line and wish to intervene for the following reasons:  
1) The MS route does not follow the policy of prudent avoidance 2) the magnetic fields will greatly affect our neighborhood 3) The neighbors property should not be divided to accommodate the line. 4) The flight path for take offs at Prop Wash airport will be negatively affected which could cause ~~avoidable~~ avoidable accidents
