- I have no further obligation to participate in the proceeding.

**Please check one of the following:**

☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☐ One or more of the utility's proposed routes would cross my property.

☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. PROTESTING

lines F4-E5-F2-E8-E3-E2-C9-C8-C7-C5-C4. These lines border/cut thru Canyon Falls subdivision. Part of why we bought here was because of the abundant green space & nature trails. Destroying these for a powerline is not warranted when there are better options. A line of this size should not even be in/border an existing residential neighborhood with 2 schools and a daycare. Placing lines this close to existing housing is going to cause those home values to fall which could cause trickle down issues for the entire neighborhood.

A better routing option follows FM 1178 - E6 to C6 to C3
