STATEMENT OF CONFIDENTIALITY

Oncor Electric Delivery Company LLC (“Oncor”) submits this Statement of Confidentiality (“Statement”), respectfully showing as follows:

I. INTRODUCTION

On June 8, 2023, Oncor filed an application (“Application”) to amend its certificate of convenience and necessity for the Ramhorn Hill-Dunham 345 kV transmission line project in Denton and Wise counties. On June 29, 2023, intervenors Edgar Brent Watkins and Mary Ann Livegood propounded requests for information seeking, among other things, Oncor’s cost model that was utilized to create the cost estimates included with the Application. Oncor has designated certain responsive information as “Protected Materials” and/or “Highly Sensitive Protected Materials” and will produce this information subject to the Proposed Protective Order in this docket. Accordingly, Oncor submits this Statement to comply with paragraph 4 of the Proposed Protective Order.

II. PROTECTED MATERIALS DESCRIBED

Information contained in Oncor’s response has been designated as Protected Materials and/or Highly Sensitive Protected Materials and is exempt from public disclosure, consistent with the Texas Public Information Act (“TPIA”).¹ The materials designated as Protected Materials do not include documents contained in the public files of the Commission or any other state agency, court, or local governmental authority subject to the TPIA. Nor do they include documents that have been publicly disclosed as of the time of this filing. Therefore, these materials are eligible for designation as Protected Materials.

¹ Tex. Gov’t Code Ann. §§ 552.001-552.353 (West 2012 & Supp. 2016).

The documents identified as Highly Sensitive Protected Materials contain commercially sensitive business operations information, including business, economic, and financial data that Oncor has taken reasonable measures to keep secret. The disclosure of this information would cause substantial competitive harm to Oncor. Therefore, under TPIA §§ 552.101 and 552.110 and the terms of the Proposed Protective Order, this information is exempt from public disclosure and is subject to treatment as Highly Sensitive Protected Materials in this proceeding.

III. CONCLUSION

Undersigned counsel for Oncor has reviewed the above-described information sufficiently to state in good faith that the information is exempt from disclosure under the TPIA and merits the Protected Material and/or Highly Sensitive Protected Materials designation pursuant to the terms of the Proposed Protective Order filed in this docket.

Respectfully submitted,

By: /s/ Jared M. Jones
