The governing body of each unit decides whether or not property taxes will increase. The appraisal district only determines the value of your property. The Texas Legislature does not set the amount of your local taxes. Your property tax burden is decided by your locally elected officials, and all inquiries concerning your taxes should be directed to those officials.

* This indicates a tax ceiling exists for that taxing unit. If you qualified your home for an age 65 and older or disabled person homestead exemption for school taxes, the school taxes on that home cannot increase as long as you own and live in that home. The tax ceiling is the amount that you pay in the year that you qualified for the 65 and older or disabled person exemption. The school taxes on your home may not go above the amount of the ceiling, unless you improve the home (other than normal repairs and maintenance).

Beginning August 7th, visit Texas.gov/PropertyTaxes to find a link to your local property tax database where you can easily access information regarding your property taxes, including information regarding the amount of taxes that each entity that taxes your property will impose if the entity adopts its proposed tax rate. Your local property tax database will be updated regularly during August and September as local elected officials propose and adopt the property tax rates that will determine how much you pay in property taxes.
