☐ One or more of the utility's proposed routes would cross my property.

☐ Other. Please describe and provide comments. You may attach a separate page, if necessary.

~~Oncon is not exhibiting the practice of Prudent Avoidance, nor following property lines as described by the PUCT. As a mother of 2 young children, as well as an educator, I have studied the negative impacts of EM fields on children, and do not wish that upon my own children or students. Please find a less invasive route for the transmsion lines as to not negatively impact childrens growth and development~~
