I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

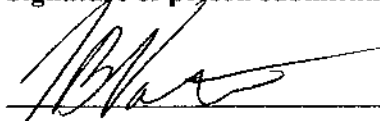

The proposed routes will dramatically impact the Canyon Falls community and my home specifically. From an economic standpoint,

a 2018 study by the Journal of Real Estate research indicated an 18% drop in value for homes within 1,000 feet of a power line

Our home would be less than 1,000 feet away from proposed routes C9 & E5. The impact on the greenspace would be devastating to

the flora, animals, and the natural habitat we now enjoy. The potential health impact of C7 on the children of the new pre-school is very concerning
