Please check one of the following:

☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☐ One or more of the utility's proposed routes would cross my property.

☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. Why??

Do not run 2 large transmission lines through Justin. Doing so ruins our property value. You would destroy trees and the beautification of our town. All transmission lines need to run along major hwy's, there is plenty of land that is open to do that and not through our town. You would not even have it up for consideration if you lived in Justin. So to cut cost is the only reason, so don't ruin our town. You would run it through our park and new town center and DESTROY our homes. Go to open land - NOT OUR TOWN!
