I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. The proposed

transmission lines through the Canyon Falls development are possibly running directly behind my property. These lines are not only detrimental to the property values of all adjacent owners, but also pose a danger to my two young boys, both attending the new Kiddle Academy. These lines are being forced through a community that never agreed to its installation, and we demand they be relocated for the good of the residents who occupy this area. We are committed to the preservation of our homes and surrounding environment!
