PUBLIC UTILITY COMMISSION OF TEXAS DOCKET NO. 55067

Landowner

This notice is provided to notify you that Oncor Electric Delivery Company LLC (“Oncor”) has applied to amend its certificate of convenience and necessity to construct, own, and operate a new double-circuit 345 kV transmission line on triple-circuit capable structures between the proposed Ramhorn Hill Switch and the proposed Dunham Switch. The structures will have two 345 kV circuits initially installed with a vacant third circuit position capable of accommodating a future 138 kV circuit.

The proposed Ramhorn Hill Switch will be located approximately 2 miles south of the intersection of United States Highway (“US”) 287 and State Highway (“SH”) 114 near Rhome, Texas. The proposed Dunham Switch will be located approximately 1.4 miles southeast of the intersection of US 377 and Farm-to-Market Road (“FM”) 1171 (regionally known as Cross Timbers Road) in Flower Mound, Texas. The length of the Proposed Transmission Line Project is approximately 20 to 23 miles, depending on which route is selected by the Public Utility Commission of Texas (“PUC”).

Your land may be directly affected by this docket. If the applicant’s route is approved by the PUC, the applicant will have the right to build a facility that may directly affect your land. This docket will not determine the value of your land or the value of an easement if one is needed by the applicant to build the facility. If you have questions about this project, please contact Chris Reily of Oncor at (214) 486-4717.

A detailed routing map may be reviewed at the following locations:
