I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

Current proposed lines would be close and visible from both the front and back of my property.

The proposed line to the north would follow Trail creek and lead to the clearing land and trees along the only creek that really

flows through town killing the habitat. Not to mention it would cross the current city park and ball/soccer fields of which are the only ones in town and run

right next to the current elementary school where our kids play outside every day. Please do not run these lines directly through the middle of our town.
