1701 N. Congress Ave.
Austin, TX 78701

First Name: KIM Last Name: HARBERT
Phone Number: 405-343-2061 Fax Number: _____
Address, City, State: 12821 HELEN RD.
Email Address: ARGYLEKIM@GMAIL.COM

I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

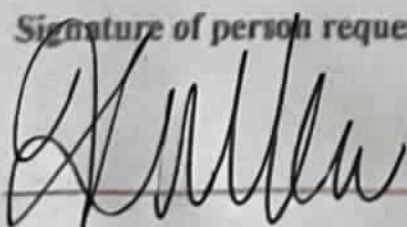

☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☐ One or more of the utility's proposed routes would cross my property.

☒ Other. Please describe and provide comments. You may attach a separate page, if necessary.

Signature of person requesting intervention:

Date: 7-23-2023

Effective: April 8, 2020

I am submitting a request to intervene based upon the factors listed below. There are more southern routes that limit and eliminate these factors. Routes O2, O3, O7, O8, M7, M8, L4 and L5 all negatively affect my family and myself. While all routes listed are detrimental, route M8 is the most detrimental as it lies 800 feet from my home.

- Most importantly, the result of long-term exposure to Electro-Magnetic radiation during growth and development is well documented, and has shown to result in an increase in life altering illnesses among children, of which I have two boys that are our future and another on the way. Exposure can be measured up to two miles away.
- Prudent avoidance has been ignored in the designation of these routes, passing well within the boundaries of habitable structures.
- The towers will provide a negative quality of life, and eliminate the reasoning for living in the area.
- The tower will result in reduced property value.
