Address, City, State: 4129 Mistflower Way Northlake TX 76226

I am **NOT** requesting to intervene in this proceeding. As a **PROTESTOR**, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case, and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. We are concerned

about the route taken by F2 and F3 as both would be behind our house. We bought this property based on  
the surrounding area. We feel this would not only take away from our quality of life but have a negative  
effect on property value. I urge you to look at using E1 to E6 which would have a smaller impact on area  
homes. We are at retirement age and these were considerations we based our home selection. And  
we also believe there are health risks involved in placement of these lines.
