- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. \_\_\_\_\_

I am a homeowner in Canyon Falls and am absolutely alarmed to hear of the possibility of Oncor power lines within Canyon Falls neighborhoods, our greenbelt areas, our rec center and dog park. The power lines will have a terribly negative impact on the residents' use of Canyon Falls as well as a detrimental effect on our home values. I can tell you that if this plan had been known before we built our retirement home, we would have found a different location than Canyon Falls. I am also concerned about the effect of additional lines on local wildlife and their movements through our beautiful area. Please consider moving any route from within neighborhood lands to a location that will not impact the people and animals that use the land. I respectfully ask that you consider another plan to keep power lines out of our neighborhoods and the greenbelts that we rely on for everyday living. We absolutely prefer no Oncor power lines altogether. In the absence of no lines, it seems following along 1171 outside of any neighborhood or greenbelt would be a better idea.
