**ORDER NO. 4
FINDING PETITION ADMINISTRATIVELY INCOMPLETE AND ESTABLISHING
OPPORTUNITY TO CURE**

This Order addresses the sufficiency of the June 14, 2023 joint petition filed by Century Land Holdings II, LLC and GRBK Edgewood, LLC to decertify a portion of Aqua Water Supply Corporation's certificate of convenience and necessity number 10294. On August 11 and 15, 2023, the petitioners provided supplemental information.

On September 13, 2023, Commission Staff filed a recommendation regarding the sufficiency of the petition. On September 28, 2023, Commission Staff filed clarification regarding its recommendation in response to Order No. 3.

The administrative law judge finds the petition administratively incomplete and deficient. Under 16 Texas Administrative Code § 24.8(d), the Commission does not consider the petition filed until it makes a determination that the petition is administratively complete. Thus, at this time, the petition is not considered filed with the Commission.

By October 13, 2023, the petitioners must supplement the petition to cure the deficiencies as described in the September 28, 2023 memorandum from Chase Lipscomb, attached to Commission Staff's clarification filed on September 28, 2023. Until the Commission receives and reviews the supplemental information, the petition cannot proceed. The petitioners must not issue notice until the petition is found administratively complete.

By November 13, 2023, Commission Staff must file a supplemental recommendation regarding the administrative completeness of the petition, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas on the 2nd day of October 2023.
