City of Pharr has filed an application with the Public Utility Commission of Texas (Commission) to amend its sewer Certificate of Convenience and Necessity (CCN) No. 20643 for the provision of retail sewer utility service in Hidalgo County Texas.

The requested area overlaps the district boundaries of Hidalgo County Drainage District 1, Hidalgo County Irrigation District 2, and Rio Grande Regional Water Authority. If these districts do not request a public hearing, the Commission shall determine that the district is consenting to the City of Pharr's request to provide retail sewer utility service in the requested area.

Requested Area North:

The requested area north includes 1,006 customer connections, is located approximately 3.4 mile(s) north of downtown Pharr, Texas, and is generally bounded on the north by Owassa Road, on the east by Raul Longoria Road (Farm to Market Road 1426), on the south by Minnesota Road, and on the west by North Jackson Road (Farm to Market Road 3362)

The requested area north includes approximately 510 acres of uncertificated area.

Persons who wish to intervene in the proceeding or comment upon action sought should contact the Public Utility Commission, P.O. Box 13326, Austin, Texas 78711-3326, or call the Public

Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is (30 days from the mailing or publication of notice, whichever occurs later, unless otherwise provided by the presiding officer). You must send a letter requesting intervention to the commission which is received by that date. The letter must include the person's name, address, email address, and fax number if applicable.

If a valid public hearing is requested, the Commission will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.

A landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the requested area, may file a written request with the Commission to be excluded from the requested area ("opt out") within (30) days from the date that notice was provided by the Utility. All opt out requests must include a large-scale map, a metes and bounds description of the landowner's tract of land, landowner's name, address, email address and fax number, if applicable.

A landowner that opts out from the requested area releases the applicant's obligation to provide retail water or sewer utility service to the removed land for any reason.

Public Utility Commission of Texas
Central Records
1701 N. Congress, P.O. Box 13326
