RE: Docket No. 55403 – Application of Shorewood Forest Water System for a Class D Rate Adjustment

Dear Mr. Vincent,

On August 24, 2023, Shorewood Forest Water System filed an application for a Class D rate adjustment for its Certificate of Convenience and Necessity (CCN) No. 12371 with the Public Utility Commission of Texas (Commission). For Commission Staff (Staff) to make a complete review of the application, Staff requests additional information. Specifically, Staff requests Shorewood Forest Water System submit the following information and supporting documentation:

1. In order to be sufficient, Shorewood Forest needs to update the one page Class D Water Request for an Annual Rate Adjustment to include the date filed, the Docket Number of Previous Class D 5% Rate Adjustments or mark that item not applicable.
2. The only tariff found lists a TCEQ 35429-G from September 2006. Does Shorewood Forest know if that was a comprehensive rate case? Was it a change under the previous rate adjustment rule provisions?
3. The application in Docket No. 55403 is filed under Shorewood Forest Water System. However, the Secretary of State's registration database does not show a registration number under this name. Please provide the active registration number assigned to Shorewood Forest Water System by the Secretary of State.

Please do not implement the rate increase or provide notice of the rate increase to your customers until the Commission indicates that your application has been approved.

In order to ensure timely review of your application, please file the additional information requested above no later than 10 business days. If you have any questions, please contact me at kevin.pierce@puc.texas.gov.

Sincerely,

/s/ Kevin Pierce
