ANOTHER RATE INCREASE??? My issue is this: I have
compared my water rates to people on other water systems. We
are already 50%-100% higher than they are, and our utility wants
to increase our rates even further??? When will it stop? It seems

As if we go through this every year or two. Our water rates are completely out of line with what others are paying. Why is this particular utility given the green light to charge us whatever they want???

PLEASE DO NOT APPROVE YET ANOTHER RATE INCREASE FOR THESE FOLKS!

Thank you for your time.
