Testimony of Samuel James and Rebecca Elliott

Q. State your names

A. Samuel James Elliott and Rebecca Elliott

Q. Where do you live?

A. We live at 28414 Dobbin Huffsmith RD Magnolia Texas 77354

Q. What would you like to say about the new substation proposals by CenterPoint?

A. We object to them putting it at Site A. This was our retirement home and property and putting it at that site would severely impact our retirement and legacy. We have made a lot of long term investments, including but not limited to, Solar and batteries so that we are not reliant on the Grid.

Q. Where should they put it?

A. There have been a lot of proposed locations by William Roper and Timothy Large and actually the one William found would have the least impact to the entire community on Site G that he proposed.
