RE: Project No. 55826 – *Texas Energy Fund In-ERCOT Generation Loan Program*

The Commission is scheduled to consider the Texas Energy Fund (TEF) generation loan program at the March 21 open meeting. To facilitate our discussion on March 21, I would like to discuss the following issues at our open meeting on March 7:

1. Eligibility criteria for industrial loads and Private Use Networks (PUNs) to participate in the TEF loan program.
2. Eligibility of public power entities (MOUs, Coops, and River Authorities) to participate in the TEF loan program.
3. Ensuring that loan recipients are incentivized to complete their proposed generation projects.
