Re: Docket No. 55942, Petition by Ratepayers Appealing the Water and Wastewater Rates
Established by the City of Rockport – Order No. 1

Dear Administrative Law Judge Goodson:

Please note our petition is to appeal the residential and commercial water and wastewater rates outside city limits, not “wholesale water and wastewater rates” as stated in section 1, Petition, of “Order No. 1 - Requiring Responses and Addressing Other Procedural Matters.” The term wholesale may have been used in a broader sense in your Order; however, the City also has “wholesale water rates” that are separate from what is being petitioned. This clarification is being provided to ensure there is no confusion about the petitioners’ intent.

Please find below the relevant contact information of petitioners as requested in Order No. 1:
