<b>APPLICATION OF FAYETTE ELECTRIC COOPERATIVE, INC. TO AMEND ITS WHOLESALE TRANSMISSION COST OF SERVICE AND TARIFF</b>	<b>§ § § §</b>	<b>PUBLIC UTILITY COMMISSION   OF TEXAS</b>
---	----------------------------	---

**JOINT MOTION TO ADMIT EVIDENCE AND FOR RELATED RELIEF**

Fayette Electric Cooperative, Inc. (“Applicant”) files this joint motion to admit evidence and for related relief, and is authorized to state that this motion is on behalf of itself, the Commission Staff, and intervenor LCRA Transmission Services Corporation (“LCRA TSC”).

The Application addresses the rate and tariff effects for the Applicant with regard to the termination of the LCRA TSC transmission facilities lease with the Applicant.

There are no disputed issues, and no hearing was requested, in this proceeding.

Pursuant to Order No. 7, the parties filed on June 3, 2024, a joint proposed order approving the Application.

Order Nos. 8 and 9 requested a joint motion to admit evidence. The parties therefore jointly move to admit the following relevant documents into evidence:

1. Application and attachments, filed on December 7, 2023 (Interchange Item No. 1);
2. Applicant’s Affidavit of Notice, filed on December 7, 2023 (Interchange Item No. 2);
3. Commission Staff’s Recommendation on the Administrative Completeness of the Application, Proposed Notice, and Recommendation on Consolidation, filed on January 11, 2024 (Interchange Item No. 4);
4. Application Supplementation Pursuant to Commission Staff’s Request, filed on April 13, 2024 (Interchange Item No. 14);
5. Affidavit of Don Kiser for LCRA TSC, filed on April 18, 2024 (Interchange Item No. 16); and

6. Commission Staff's Recommendation on Final Disposition, filed on May 2, 2024 (Interchange Item No. 18).

Because a joint proposed order has already been submitted, the parties further request as related relief that the joint proposed order be approved. In this regard, the parties note that (1) this case is related to LCRA TSC's rate proceeding in Docket No. 55867, (2) the matters in this case are not affected by any of the exceptions taken to the Proposal for Decision in LCRA TSC's rate proceeding, (3) the joint proposed order contemplates that Applicant will file a clean record copy of its tariff within 10 days of the date of the final order in that LCRA TSC rate proceeding, and (4) the Commission will consider that LCRA TSC rate proceeding at its Open Meeting of October 3, 2024. Therefore, it is appropriate to have this proceeding concluded in advance of or concurrent with the conclusion of the LCRA TSC rate proceeding so that Applicant can timely file its clean record copy of its tariff once an order is issued in the LCRA TSC rate proceeding.

WHEREFORE, PREMISES CONSIDERED, the parties in this case respectfully request that this motion for admission of evidence be granted and that the joint proposed order be approved.

Respectfully submitted,

/s/ Thomas K. Anson
