**REPORTING FORM FOR GENERATING CAPACITY REPORTS**

55974

NOV 11 2011

Provide the legal name of the party filing this report SMT TX Management LLC

Provide the name, company, and telephone number of the person who may be contacted for clarification of information contained in this report: David Spotts (480) 252-5496

The Reporting Form for Generating Capacity Reports consists of this cover sheet, the attached four tables, and an affidavit. Please review the *Instructions to the Reporting Form for Generating Capacity Reports* before completing this reporting form.

This reporting form and the instructions may be obtained from the Commission's Central Records Division or downloaded from Commission website at <http://www.puc.state.tx.us>. Information may be inserted in the form electronically. As necessary, reply spaces may be expanded and/or rows may be added to the tables in order to provide the information requested.

The completed report must be filed with the Public Utility Commission of Texas, Attention: Filing Clerk, Public Utility Commission of Texas, 1701 N. Congress Avenue, P.O. Box 13326, Austin, Texas, 78711-3326. Submit four (4) copies, including the original.

**Generating Capacity Reports – Table 1**

	ERCOT	Reliability Council (or Power Region)			
		Name:		Name:	
		Texas Area	Total Rel. Council (or Pwr. Region)	Texas Area	Total Rel. Council (or Pwr. Region)
1. Total capacity of generating facilities that are connected with a transmission or distribution system.	99.5				
2. Total capacity of generating facilities used to generate electricity for consumption by the person owning or controlling the facility.	99.5				
3. Total capacity of generating facilities that will be connected with a transmission or distribution system and operating within 12 months.	99.5				
4. Total affiliate installed generation capacity.	0				
5. Total amount of capacity available for sale to others.	99.5				
6. Total amount of capacity under contract to others.	0				
7. Total amount of capacity dedicated to own use.	0				
8. Total amount of capacity that has been subject to auction as approved by the Commission.	0				
9. Total amount of capacity that will be retired within 12 months.	0				
10. Annual capacity sales to affiliated retail electric providers (REPs).	0				
11. Annual wholesale energy sales.	\$478,676				
12. Annual retail energy sales.	0				
13. Annual energy sales to affiliate REPs.	0

**Generating Capacity Reports – Table 4**

1. Provide the facility name and unit name of each generating unit that is jointly owned. For each such unit provide the names of the joint owners and their respective ownership percentages.

**No joint owners for SMT TX Management LLC facilities.**

2. Provide the facility name and unit name of each generating unit that is owned but not controlled. For each such unit, provide the name of the controlling party and briefly describe the nature of the other party's control of the unit

**No SMT TX Management LLC facilities are owned but not controlled.**

3. Provide the facility and unit name of each generating that is located on the boundary between two power regions (i.e., reliability councils) and able to deliver electricity directly into either power region. For each such unit, provide the total energy sales to each power region during the preceding year.

**No SMT TX Management LLC facilities are located on the boundary between two power regions.**

4. If the reporting party is subject to PURA Sec. 39.154(c), provide the facility name and unit name of each "grandfathered" unit that is located in an ozone non-attainment area. Attach to this report copies of any applications to the Texas Natural Resources Conservation Commission (TNRCC) for a permit for the emission of air contaminants related to the grandfathered units. Also attach a written description of the progress made since the last Generating Capacity Report on achieving approval of each such TNRCC permit

**NA**

5. For each power region (i.e., reliability council) in Texas in which the reporting party owns generation facilities, identify the amount of transmission import capability that has been reserved and is available to import electricity during the summer peak into the power region from generating facilities that are owned by the reporting party or its affiliate in another power region
