ELECTRIC GENERATING CAPACITY	§	PUBLIC UTILITY COMMISSION
REPORTS PURSUANT TO PUC	§	
SUBSTANTIVE RULE 25.91	§	OF TEXAS

**SOUTH HOUSTON GREEN POWER, LLC'S
NOTICE OF CONFIDENTIAL FILING**

On February 1, 2024, South Houston Green Power, LLC (SHGP) filed its Generating Capacity Report for 2023 pursuant to 16 Texas Admin. § Code 25.91. Tables 1 and 3 (Confidential) of the Generating Capacity Report contain commercially sensitive that is considered confidential. SHGP hereby designates Table 1 and Table 3 of the Generating Capacity Report (Confidential) as Confidential under the Protective Order concerning Generating Capacity Reports. This notice is being filed to comply with the requirements of paragraph 3 of the Protective Order relating to the claims of exemption from public disclosure pursuant to the Texas Public Information Act (TPIA).

Portions of SHGP's Generating Capacity Report contain information that is Protected Material exempt from public disclosure pursuant to TEX. GOV'T CODE §§ 552.101 and/or 552.110. This material includes information that is of a highly commercial and sensitive nature involving company business operations that, if released, would give advantage to a competitor. The public disclosure of any market-sensitive commercial information could cause competitive harm to SGHP as they are in direct competition with other electric generation suppliers in Texas and would be contrary to the state legislative policy in the Public Utility Regulatory Act.

The undersigned counsel for SHGP has reviewed the information sufficiently to state in good faith that the information is exempt from public disclosure under the TPIA and merits the confidential and highly sensitive protected material designation.

Respectfully submitted,

/s/ Jeffrey Stuart
