<b>REPORTS OF THE ELECTRIC</b>	<b>§</b>	<b>PUBLIC UTILITY COMMISSION</b>
<b>RELIABILITY COUNCIL</b>	<b>§</b>	
<b>OF TEXAS</b>	<b>§</b>	<b>OF TEXAS</b>

**ERCOT'S REPORT CONCERNING COMPLIANCE WITH SUMMER WEATHER  
PREPAREDNESS DECLARATION REQUIREMENTS**

In accordance with subsections (c)(5) and (f)(5) of Public Utility Commission of Texas (Commission) Rule 25.55 (16 Texas Administrative Code (TAC) § 25.55), ERCOT submits this report regarding generation entity and transmission service provider (TSP) compliance with the requirement to submit a declaration of summer weather preparedness in 16 TAC§ 25.55(c)(3)(B) and (f)(3)(B), respectively. The report indicates whether each entity: (i) timely submitted a declaration, (ii) submitted a declaration late or (iii) failed to submit a declaration as of noon on June 18, 2024. Subsections (c)(3)(B) and (f)(3)(B) of 16 TAC § 25.55 require entities to submit to ERCOT a declaration of summer weather preparedness by the first day of June each year. The declaration must include a summary of activities performed to comply with the summer weather preparation measures in 16 TAC§ 25.55(c)(2) and (f)(2) and a notarized attestation by the entity's highest-ranking representative, official, or officer with binding authority over the entity confirming completion of the activities required by the rule. *See*, 16 TAC § 25.55(c)(3)(B)(v) and (f)(3)(B)(v). On May 1, 2024, ERCOT issued a Market Notice informing Market Participants of its new Weatherization Customer Service Management (wCSM) module for submitting Declarations of Weather Preparedness (DoWPs). ERCOT also referred Market Participants to documentation to assist them in using the wCSM. On May 15, 2024, ERCOT sent a Market Notice reminding Market Participants to timely submit their DoWPs. ERCOT also hosted eight wCSM training sessions in April and May, 2024.

In Attachment 1 to this filing, ERCOT identifies each entity's compliance with the

declaration requirement by indicating whether the entity submitted the declaration on time (*i.e.*, by the June 1, 2024 deadline), late or not at all. That attachment indicates most entities timely submitted declarations. Specifically, of 500 generation entities submitting declarations, 487 (97.4%) timely submitted declarations. After the June 1 deadline and up until noon on June 18, 2024, ERCOT received an additional 13 declarations. Consequently, no generation entities completely failed to file a declaration. Of 59 total TSPs submitting declarations, 58 (98.3%) timely submitted declarations. After the June 1 deadline and up until noon on June 18, 2023, ERCOT received one additional declaration. Consequently, no TSP declarations remain outstanding.

ERCOT will provide the Commission any additional information it may need to evaluate the information in this report.

Respectfully submitted,

/s/ A. Andrew Gallo
