PROJECT NO. 55999

REPORTS OF THE ELECTRIC	§	PUBLIC UTILITY COMMISSION
RELIABILITY COUNCIL OF TEXAS	§	OF TEXAS

**ERCOT'S REPORT ON DIRECT CURRENT TIE (DC TIE) ENERGY
IMPORTS AND EXPORTS (FEBRUARY 2025)**

Electric Reliability Council of Texas, Inc. (ERCOT) submits this Report on DC Tie Energy Imports and Exports pursuant to 16 Tex. Admin. Code (TAC) § 25.192(e)(4), which requires ERCOT to file a public report containing certain information regarding energy imported and exported across DC Ties. Attached hereto as **Exhibit A**¹ is a spreadsheet containing the DC Tie information required by the rule.²

ERCOT welcomes input on this report and is available to provide any further information the Commission may need.

¹ The attached report does not include data for DC_EAST. According to Southwest Power Pool's website, <https://opsportal.spp.org/DCTie/History/1>, the "ERCOT EAST DC Tie will be limited to 0 as a result of an unplanned maintenance outage from 10/26/24 to 05/01/25."

² Note that on **Exhibit A** the Tab titled *QSE EXPORTS PAST 12 MONTHS* only lists a Qualified Scheduling Entity (QSE), and MWH exported for a given month if ERCOT's data reflected that the QSE scheduled energy exports over a DC Tie for that month.

Dated: February 12, 2025

Respectfully submitted,

/s/ Sidne E. Finke
