<b>APPLICATION OF AEP TEXAS INC. FOR AUTHORITY TO CHANGE RATES</b>	<b>§ § §</b>	<b>BEFORE THE STATE OFFICE OF ADMINISTRATIVE HEARINGS</b>
--	----------------------	---

**DEPARTMENT OF THE NAVY'S FIFTH SET OF  
REQUESTS FOR INFORMATION TO AEP TEXAS, INC.**

**QUESTION NOS. FEA 5-1 THROUGH FEA 5-4**

- FEA 5-1     Has the Company or any of its predecessor companies (West Texas Utilities Company, Central Power and Light Company, AEP Texas North Company, AEP Texas Central Company) ever conducted a minimum system study to classify distribution system poles, wires and substation costs into demand and customer components? If the answer is yes, please provide the following information:
- a.   A table that summarizes the utility conducting the study, the year each study was conducted, the docket number of the proceeding in which the study was filed, as well as the percentage customer and demand classification of distribution poles, wires and substation costs for each such study;
  - b.   A complete copy of each such study, along with the supporting workpapers, in native format, with all formulas and cell references intact; and
  - c.   A copy of the regulatory commission order that includes any findings regarding the study, if applicable.
- FEA 5-2     Have any other regulated AEP electric operating companies ever conducted a minimum system study to classify distribution system poles, wires and substation costs into demand and customer components? If the answer is yes, please provide the following information:
- a.   A table that summarizes the utility conducting the study, the year each study was conducted, the docket number of the proceeding in which the study was filed, as well as the percentage customer and demand classification of distribution poles, wires and substation costs for each such study;
  - b.   A complete copy of each such study, along with the supporting workpapers, in native format, with all formulas and cell references intact;
  - c.   A copy of the regulatory commission order that includes any findings regarding the study, if applicable.

- FEA 5-3 In its delivery service class cost of service study, did the Company allocate the cost of any secondary distribution voltage level poles, wires and substations to primary distribution or transmission voltage level customers? If the answer is yes, please provide the following information for each applicable cost item:
- a. The amount of the allocated cost;
  - b. A detailed description of the cost item;
  - c. A detailed explanation of the Company's proposed allocation of the cost item and the rationale supporting the proposed cost allocation;
  - d. All workpapers supporting the Company's proposed allocation of the cost item, in native electronic format with all formulas and cell references intact.
- FEA 5-4 Please provide Exhibit JLJ-1 to the direct testimony of Jennifer L. Jackson in native format, along with all supporting workpapers and with all formulas intact.
