3 **II. PURPOSE AND SCOPE OF TESTIMONY**

4 **Q. What is the purpose of your testimony?**

5 A. The purpose of my testimony is to provide my recommendation related to the review of
6 rate-case expenses incurred by Southwestern Public Service Company (SPS) and the
7 Alliance of Xcel Municipalities (AXM, also referred to as the City of Amarillo in
8 documentation provided by SPS in this proceeding) in Docket Nos. 51625,¹ 51802,²
9 52210,³ 52446,⁴ 52451,⁵ 53034,⁶ and this rate case.⁷ My recommendation addresses the
10 following issues from the Commission's Preliminary Order that was filed on March 9,
11 2023 in this case.

12 27. What are SPS's reasonable and necessary rate-case expenses in accordance with
13 PURA § 36.061(b)(2) and 16 TAC § 25.245? Does this amount include any
14 anticipated expenses to appeal this proceeding or a prior rate-case proceeding? Is it
15 appropriate to recover expenses associated with appeals of prior Commission orders
16 before the appeals are completed?

17 a. If attorney's fees are included in the rate-case expenses, are they supported by
18 the testimony or affidavit of a licensed attorney qualified to render admissible
19 opinions on the reasonableness of the attorney's fees?

DOCKET NO. 54634 SOUTHWESTERN PUBLIC SERVICE COMPANY Page 4 of 22

1 28. What are the intervening cities' reasonable rate-case expenses in accordance with
2 PURA § 33.023(b) and 16 TAC § 25.245? Does this amount include any anticipated
3 expenses to appeal this proceeding or a prior rate-case proceeding?

4 a. If attorney's fees are included in the rate-case expenses, are they supported by
5 the testimony or affidavit of a licensed attorney qualified to render admissible
6 opinions on the reasonableness of the attorney's fees?

7 **Q. What is the basis of your recommendation?**

8 A. The basis of my recommendation is my review of SPS's rate filing package, 45-Day
9 Update, accompanying work papers, responses to requests for information (RFIs), and the
10 testimony filed on behalf of SPS and AXM. I verified the accuracy of schedules in the
11 application and RFI responses and reviewed expenditure categories for reasonableness
12 and necessity.

13 **Q. What standard do you use to make your determination concerning the overall
14 reasonableness of the rate-case expenses?**

15 A. The standard that I rely upon is 16 Texas Administrative Code (TAC) § 25.245(b), which
16 states:

17 Requirements for claiming recovery of or reimbursement for rate-case expenses.

18 A utility or municipality requesting recovery of or reimbursement for its
19 rate-case expenses shall have the burden to prove the reasonableness of
20 such rate-case expenses by a preponderance of the evidence. A utility or
21 municipality seeking recovery of or reimbursement for rate-case expenses
22 shall file sufficient information that details and itemizes all rate-case
23 expenses, including, but not limited to, evidence verified by testimony or
24 affidavit, showing:

25 (1) the nature, extent, and difficulty of the work done by the attorney or
26 other professional in the rate case;

27 (2) the time and labor required and expended by the attorney or other
28 professional;

29 (3) the fees or other consideration paid to the attorney or other professional
30 for the services rendered;

31 (4) the expenses incurred for lodging, meals and beverages, transportation,
32 or other services or materials;

33 (5) the nature and scope of the rate case, including:

34 (A) the size of the utility and number and type of consumers served;

35 (B) the amount of money or value of property or interest at stake;

36 (C) the novelty or complexity of the issues addressed;

1 (D) the amount and complexity of discovery;
2 (E) the occurrence and length of a hearing; and
3 (6) the specific issue or issues in the rate case and the amount of rate-case
4 expenses reasonably associated with each issue.

5 **Q. Do you use an additional standard to make your determination concerning the**
6 **overall reasonableness of the rate-case expenses?**

7 A. Yes. I rely additionally upon 16 TAC § 25.245(c), which states:
8 Criteria for review and determination of reasonableness.

9 In determining the reasonableness of the rate-case expenses, the presiding
10 officer shall consider the relevant factors listed in subsection (b) of this
11 section and any other factor shown to be relevant to the specific case. The
12 presiding officer shall decide whether and the extent to which the evidence
13 shows that:

14 (1) the fees paid to, tasks performed by, or time spent on a task by an
15 attorney or other professional were extreme or excessive;
16 (2) the expenses incurred for lodging, meals and beverages, transportation,
17 or other services or materials were extreme or excessive;
18 (3) there was duplication of services or testimony;
19 (4) the utility's or municipality's proposal on an issue in the rate case had
20 no reasonable basis in law, policy, or fact and was not warranted by any
21 reasonable argument for the extension, modification, or reversal of
22 commission precedent;
23 (5) rate-case expenses as a whole were disproportionate, excessive, or
24 unwarranted in relation to the nature and scope of the rate case addressed
25 by the evidence pursuant to subsection (b)(5) of this section; or
26 (6) the utility or municipality failed to comply with the requirements for
27 providing sufficient information pursuant to subsection (b) of this section.

28 **Q. On whose behalf are you testifying?**

29 A. I am testifying on behalf of Commission Staff.

30 **III. DISCUSSION OF SPS'S REQUEST**

31 **Q. Please describe SPS's request for recovery of rate-case expenses.**

32 A. In this proceeding, SPS requests \$9,862,118 in total rate-case expenses that were incurred
33 or are expected to be incurred by SPS and the intervening municipalities in the following
34 dockets.⁸

2 **CASE EXPENSES**

3 **Q. What is your recommendation regarding SPS's requested Docket No. 54634 rate-**
4 **case expenses?**

5 A. I propose a reduction of \$19,329.64 to SPS's requested expenses paid to date, which is
6 comprised of several categories of expenses. My recommended adjustment is summarized
7 in Table VJ-12 below and results in my recommendation that SPS recover reasonable and
8 necessary rate-case expenses incurred and supported through May 30, 2023, in the amount
9 of \$411,093.36 (\$430,423 - \$19,329.64). Additionally, as part of my recommendation, I
10 do not recommend recovery of any estimated remaining expenses unless SPS presents
11 documentation supporting the reasonableness and necessity of the costs it actually incurs.
12 Later, in Section IX of this testimony, I discuss my recommendation related to rate-case
13 expenses incurred and supported after May 30, 2023.

Eversheds Sutherland (US) LLP	(\$5,803.00)
Hinkle Shenor LLP	(\$144.39)
Utility Credit Consultancy, LLC	(\$12,882.25)
Total	(\$19,329.64)

1 **Q. Based upon your review of the supporting documentation presented in this**
2 **proceeding, do you recommend any adjustments to SPS's requested rate-case**
3 **expenses?**

4 A. After reviewing the supporting documentation presented in SPS's supplemental response
5 to Staff's Second RFI, I recommend an adjustment to the amount requested for Baker
6 Botts, Eversheds Sutherland, Hinkle Shenor and Utility Credit Consultancy legal fees and
7 services in the amount of (\$19,329.64). The documentation that I reviewed included
8 hourly legal rates more than \$550 per hour. The reason for my adjustment is to remove
9 the amount of hourly fees more than \$550 per hour that total \$19,329.64.

10 **Q. Why do you recommend an adjustment to remove hourly legal fees in excess of \$550**
11 **per hour?**

12 A. I recommend the use of the \$550 hourly rate referenced in Findings of Fact 306 through
13 311 from the Commission's Order in Docket No. 51415 as a reasonable benchmark for
14 capping the recovery from ratepayers of the hourly rate for SPS's outside legal counsel.⁷⁴
15 In the referenced Southwestern Electric Power Company proceeding, a comprehensive
16 base rate proceeding of a vertically integrated electric utility, the Commission found that
17 rate-case expenses that were reasonable and necessary and in compliance with 16 TAC §
18 25.245 were those expenses in which the hourly rate for any service did not exceed \$550.
19 That is, to the extent the hourly rate for any service exceeded \$550, only \$550 was
20 included in the rate-case expenses. For consistency and regulatory certainty, I recommend

⁷⁴ *Application of Southwestern Electric Power Company for Authority to Change Rates*, Docket No. 51415, Order at Findings of Fact 306-311 (Jan. 14, 2022).

DIRECT TESTIMONY OF VONETTA JACKSON

1 that the \$550 limit apply to the hourly rates billed by the attorneys employed by Baker
2 Botts, Eversheds Sutherland, Hinkle Shenor and Utility Credit Consultancy. Attachment
3 VJ-2 provides the detailed adjustment to the billings from those entities related to this
4 proceeding.

5 306. The Office of the Attorney General issued a memorandum in 2016
6 that limited the maximum outside counsel per-hour fee to \$525 but allowed
7 the Deputy Attorney General to authorize a higher fee. This memorandum
8 was addressed to, among others, state agencies and addressed "Outside
9 Counsel Contract Rules and Templates."⁷⁵

10 307. The Office of the Attorney General issued a follow-up memorandum,
11 in 2019 that did not increase the \$525 per-hour fee cap. This follow-up
12 memorandum also was directed to state agencies and addressed Outside
13 Counsel Contract Rules and Templates.⁷⁶

14 308. SWEPCO did not meet its burden of proof to show that the nature,
15 extent, and difficulty of the work performed by the attorneys who charged
16 in excess of \$550 per hour justified hourly rates in excess of \$550 in this
17 base-rate case.⁷⁷

18 309. The rates SWEPCO paid to outside attorneys in excess of \$550 per
19 hour are excessive and not reasonable.⁷⁸

20 310. The fact that other entities may be willing to pay an attorney a rate in
21 excess of \$550 per hour does not mean that the rate is reasonable and not
22 excessive in the context of a Commission electric utility rate proceeding.⁷⁹

23 311. SWEPCO's request to recover \$65,167 in rate-case expenses related
24 to outside attorney fees billed in excess of \$550 per hour should be
25 denied.⁸⁰

3 **VI. RECOMMENDATION RELATED TO RATE-CASE EXPENSES RELATED**
4 **TO OTHER PROCEEDINGS**

5 **Q. Based upon your review of the supporting documentation presented in this**
6 **proceeding, do you recommend any adjustments to SPS's requested legal expenses**
7 **for the various other dockets?**

8 A. After reviewing the supporting documentation presented in SPS's response and
9 supplemental response to Staff's Second RFI, I recommend adjustments to remove the
10 amounts associated with hourly billing rates in excess of \$550 per hour. The basis for my
11 recommended adjustments follows the rationale presented above and is consistent with
12 recent Commission precedent. My recommended adjustments by docket number appear
13 below in Table VJ-13. Additionally, please see Attachment VJ- 9 for the details supporting
14 each recommended adjustment.

1 **VII. RECOMMENDATION RELATED TO AXM'S RATE-CASE EXPENSES**

2 **Q. Please provide your recommendation with respect to your review of the rate-case**
3 **expenses for which AXM incurred in this proceeding, Docket No. 54634 as well as**
4 **the expenses that SPS reimbursed AXM for participation in Docket Nos. 51625,**
5 **51802, 52210, 52451, and 53034.**

6 A. Based upon my review of the supporting documentation presented by AXM in its August
7 4, 2023, direct testimonies, I recommend no reductions to the rate-case expenses for which
8 AXM seeks recovery in this proceeding through July 31, 2023. Additionally, based upon
9 my review of the documentation presented by SPS in its direct case and RFI responses, I
10 recommend no reductions to the rate-case expenses for which SPS seeks to recovery after
11 reimbursement to AXM for its participation in the proceedings identified above.

12 **VIII. SURCHARGE RECOMMENDATION**

13 **Q. Please describe your recommendation regarding a surcharge to allow SPS to recover**
14 **its reasonable and necessary rate-case expenses.**

15 A. SPS included its rate-case expenses related to Docket Nos. 54634, 53034, 52451, 52446,
16 52210, 51802, and 51625 as components of its Regulatory Commission expenses
17 presented in Schedule G-U14.⁸² Rather than include the recovery of rate-case expenses
18 in SPS's base rates, I recommend that the Commission approve recovery through a rate-
19 case expense surcharge rider and that the recovery occur over a four year surcharge period.
20 The four-year surcharge period aligns with the provisions of PURA § 36.212 that require
21 electric utilities operating solely outside of ERCOT to initiate a comprehensive base rate
22 proceeding on or before the fourth anniversary of the date of the final order in the electric
23 utility's most recent comprehensive base rate proceeding. In order to prevent recovery of
24 rate-case expenses through base rates as well as a surcharge, I recommend that the

1 Commission remove the amounts provided in Schedule G-U14 as case processing
2 expenses associated with Docket Nos. 54634, 53034, 52451, 52446, 52210, 51802, and
3 51625 from SPS's requested revenue requirement. As presented in Schedule G-U14, I
4 recommend an adjustment of (\$9,862,124) to remove SPS's requested rate-case expenses
5 from the revenue requirement.⁸³

6 **Q. Please summarize the amount that you recommend for inclusion in a rate-case**
7 **expense surcharge by docket number.**

8 A. My recommendation produces rate-case expense recovery as shown in Table VJ-14 below
9 in the total amount of \$4,811,531.26, including reimbursement to AXM for its reasonable
10 expenses.

11 **Table VJ-14 (Recoverable Rate-Case Expenses)**

THE OFFICE OF THE ATTORNEY GENERAL OF TEXAS

To: State Agencies, University Systems, Institutions of Higher Education and Prospective
Outside Counsel for any of the aforementioned

From: Office of the Attorney General — General Counsel Division

Date: July 17, 2023

Re: Outside Counsel Contract Rules, Process Changes, and Community System Updates

Pursuant to its statutory duties, the Office of the Attorney General (“OAG”) has adopted administrative rules related to outside counsel contracts for state agencies, university systems, and institutions of higher education (individually “agency” and collectively “agencies”) pursuant to statute.¹ In light of continuing updates made to the processes and procedures governing these contracts, the OAG is taking this opportunity to provide agencies updated direction regarding Outside Counsel Contracts (OCCs), including OCC amendments, invoice submission and approval, and administrative fees. Please note that the guidance in this letter supersedes all previously issued Letters to State Agencies. The OAG reserves the right, under its statutory authority, to revise this document and the policies and procedures it details at any time. The best source for information concerning outside counsel matters (including the latest version of this letter) is the OAG’s website at: [Texas Attorney General, Outside Counsel Contracts](https://oag.texas.gov/outside-counsel-contracts). Questions which are not answered herein, or in other resources available on the OAG’s website, may be directed to the OAG’s General Counsel Division² at: GCDCContracts@oag.texas.gov

Introductory Notes

The Attorney General serves as legal counsel for the state and all its agencies. Agencies may not retain, or utilize services provided by, outside counsel without first receiving authorization and approval from the OAG. If an agency requires any legal services whatsoever from any outside counsel, regardless of the source of funds that would be used to pay for such legal services, or if the services would be provided at no cost, it must first electronically submit to the OAG a Request to Retain Outside Counsel (“RtR”) through the OAG’s online Community system ([Community](#)³).

¹ See Tex. Gov’t Code § 402.0212(f).

² Those involved with the outside counsel process in the past may recall the division formerly handling these matters was Financial Litigation and Charitable Trusts (FLD or FinLit), but the unit responsible for outside counsel has been absorbed by the General Counsel Division.

³ The Community User Guide is on our website here: [Community User Guide](#).

Upon receipt of an RtR from an agency through the online Community system, the OAG will review the agency's submission to determine whether the requested legal services should be provided by the OAG or whether retaining outside counsel would be in the best interests of the state, and for compliance with applicable rules and statutes. Within ten (10) business days after receiving the RtR submission, the OAG will notify the agency that the OAG either (1) approves the RtR and will process an OCC for the agency and outside counsel, (2) denies the RtR, or (3) will notify the agency that additional or corrected information or documentation is required to make a determination. Please be aware that in the outside counsel process the OAG is acting primarily as a regulatory body and not as counsel for state agencies; therefore, the OAG is unable to provide legal counsel and advice regarding the specific business terms the agency negotiates with its proposed outside counsel.

Although the OAG generally will not approve any deviation from the OCC template and the policies and procedures detailed in this document, the OAG recognizes that exceptional and compelling circumstances could necessitate changes or exceptions in rare cases. As a result, the OAG reserves the right to make changes to the OCC or grant exceptions to these policies and procedures if the OAG determines, in its discretion, that it is in the State's best interest to do so. Because the electronic submission process does not allow for any changes to be made to the OCC template, agencies wishing to deviate from the OAG's OCC template must include comprehensive details about its requested changes in its RtR so that the OAG can evaluate them. The OCC template is updated each biennium to incorporate new applicable legislation and improve efficacy. Agencies should not sign engagement letters with any potential outside counsel as they do not comply with applicable laws, rules, and procedures, and are not compatible with the OAG's contract template.

When an RtR is approved, the OAG will route the resulting OCC electronically via DocuSign for signature by the agency and outside counsel.

Requests to Retain Outside Counsel

There are several requirements in the Community system for submitting an RtR and a summary is provided below.

a. Designation of Agency Contact and Responsible Attorney

Agencies must designate an individual employed by the agency to act as the agency contact and handle all matters and correspondence with the OAG related to the RtR and any resulting contract. If the agency contact is not an attorney, then the agency must also designate a responsible attorney, employed by the agency's Office of General Counsel, or otherwise representing the agency, who must be familiar with all aspects of the RtR and maintain familiarization with any resulting OCC throughout the life of the contract. Agencies must ensure the information for the designated agency contact and/or the responsible attorney is accurate as long as the RtR is in process and any resulting contract is in place.

b. University Systems and Institutions of Higher Education Requirement for System-Wide Contracts

University systems and institutions of higher education may not submit separate RtRs on behalf of the system's or institution's individual member schools or universities. More specifically, the system must submit its RtR(s) where the system is the contracting party, and the terms of the resulting contract encompass the system and all its member schools together. Importantly, this requires the system to request the entire amount of the proposed limitation of liability (maximum contract value) applicable to the system and all its member schools in the RtR.

c. Start and end dates for Outside Counsel Contracts

The requested start date for an OCC may be a date in the future, or any date from the date of the RtR's submission to the first day of the calendar month in which the RtR was submitted. For example, an RtR submitted April 30th may have a start date of April 1st, but an RtR submitted May 1st may only have a May 1st or later start date. Best practice is to submit RtRs well in advance of a requested start date to allow for complete processing of the request including, if necessary, resolution of any issues with the submission. Any request for a start date earlier than the first day of the month the RtR is submitted would only be permitted if the OAG, in its sole discretion, determined that unusual and compelling circumstances exist.

Requested end dates may be any date within the current fiscal biennium (for example, August 31, 2023). If outside counsel services are needed beyond the end of the biennium, then an RtR for a new contract must be submitted. For certain litigation OCCs, there is a potential exception to allow the OCC to extend to the end of the litigation matter, as determined by the agency in consultation with the OAG. Where the date is indeterminate due to ongoing litigation, it may be acceptable to submit an end date for one or more bienniums in the future (e.g., 8/31/2029 or 8/31/2031).

d. Guidance for Requested Scopes of Service for Outside Counsel Contracts

In the RtR, the text entered (or attached) for the proposed Scope of Services *will directly become part of the OCC, in its entirety (as Addendum A)*. The Scope of Services must be narrowly tailored to provide the OAG with enough information to make an informed decision about whether the proposed outside counsel representation is appropriate, while still fulfilling the agency's objectives for the representation. Failure to narrowly tailor the Scope of Services will, at best, result in a delay in processing the RtR, and, at worst, could result in the RtR being rejected. Agencies should draft the Scope of Services carefully to obtain the desired results from the proposed outside counsel representation. Additionally, no single OCC may contain a Scope of Services that permits legal representation across more than one practice area unless each is *clearly related to the central subject matter* of the representation. Accordingly, please ensure the Scope of Services in the RtR is limited to one practice area or is specifically tied to one central subject matter to which one or more practice areas clearly relate.

e. Documents that Must Accompany Requests to Retain

When submitting an RtR, agencies must attach: (1) an outside counsel's signed Conflicts Disclosure statement⁴; (2) the agency's Affirmation Statement indicating that it has reviewed the Disclosure statement and is satisfied with its choice of outside counsel notwithstanding anything contained in the Conflicts Disclosure⁵; and (3) documentation of the eligibility of the requested Lead Counsel attorney to practice law in the State of Texas, where required, or in the jurisdiction in which the services will be performed. These documents will be included in the DocuSign routing envelope if an OCC is approved. Any RtR not accompanied by these documents will be automatically rejected by the Community system. Additional information about the specific requirements for these documents is below. The agency may submit additional documents if desired (for example, a biography of the proposed Lead Counsel attorney).

Conflicts Disclosures and Agency Affirmation Statements: As mentioned above, outside counsel's Conflicts Disclosure statement must be attached to the agency's electronic submission of the RtR and must be dated no more than 30 (thirty) calendar days prior to the date the RtR is either initially submitted, or, if the RtR requires revisions, the date submitted in its final acceptable form. Outside counsel must sign the statement and attest to its completeness and accuracy. Under section 57.4(d)(1) of the Texas Administrative Code, the Conflicts Disclosure must identify:

[E]very matter in which the firm represents, or has represented, within the past calendar year, any entity or individual in any litigation matter in which the entity or individual is directly adverse to the State of Texas or any of its boards, agencies, commissions, universities, or elected or appointed agency officials in connection with their official job duties and responsibilities.⁶

And, where matters are listed, it must also "include a short description of the nature of the matter and the relief requested or obtained in each matter and any identifying cause or case number."⁷ Additionally, the agency must affirm that it has reviewed the Conflicts Disclosure statement and is satisfied with the choice of the proposed outside counsel notwithstanding anything contained in the disclosure statement.⁸ Agency Affirmation Statements must be dated after (or simultaneously with) outside counsel's final Conflicts Disclosure. Meaning, if a Conflicts Disclosure is updated during the RtR process, then an updated Affirmation Statement must also be submitted.

As a point of clarification, the OAG requires that outside counsel disclose any and all conflicts that the entire firm (including any offices located outside the State of Texas) has to any and all agencies of the State of Texas, not merely the agency that is a party to the OCC and that requirement is an ongoing obligation for outside counsel which continues throughout the life of the contract. Outside counsel must monitor its conflicts for the duration of its representation and

⁶ 1 Tex. Admin. Code § 57.4(d)(1).

⁷ *Id.* § 57.4(d)(2).

⁸ *Id.* § 57.4(c).

disclose to the agency and the OAG any existing or potential conflicts that arise concerning the agency, the OAG, or the State of Texas.

The OAG will not modify, alter, waive, or allow agencies to waive this disclosure requirement absent exceptional and compelling circumstances unique to the specific law firm or representation sought.

f. Total Liability to Outside Counsel

The limitation of liability amount specified in the contract is the maximum value of the contract and is entered in Community as the “Anticipated Legal Costs.” The total of all legal service fees and expenses, regardless of the funding source or method, cannot exceed the limitation of liability amount (i.e., no payment over this amount may be made to outside counsel). Under no circumstances will expenses or fees relating to the representation be exempted from the limitation of liability.

g. Competitive Procurement Process

Unless good cause exists, an agency is required to publish a Request for Qualifications (“RFQ”) before selecting outside counsel, regardless of the anticipated maximum liability of the OCC.⁹ The RFQ must be published in the Electronic State Business Daily for a minimum of 30 (thirty) calendar days. The RFQ may also be placed in other publications, such as the Texas Register, at the agency’s discretion. Because the OAG will not review or approve an agency’s RFQ, the agency is not required to provide a copy of the RFQ to the OAG. Likewise, it is up to the respective agency to determine how long a response to a published RFQ will be valid.

If an agency would like an exemption from the RFQ process requirements, it must *affirmatively certify in its RtR that the agency has good cause or a reasonable justification* for the exemption. The OAG does not determine what constitutes good cause or a reasonable justification; rather, such determinations must be made independently by the agency in consultation with agency’s internal legal counsel and/or agency leadership.

h. Addendum B of the Outside Counsel Contract

When submitting an RtR in the Community system, please be mindful of the following for Addendum B, which includes, Timekeepers, Rates (including Travel Rates), and Billing Period:

Timekeeper Rates and Classifications: Unless expressly approved by the First Assistant Attorney General in advance, hourly rates for attorneys shall not exceed \$525/hour, and hourly rates for non-attorney legal work (generally limited to paralegals, legal secretaries and legal assistants) shall not exceed \$225/hour.

- All other timekeepers (for example, Patent Agents) must be identified as “Other” with their specific title(s) entered in the classification field. These timekeepers are also generally limited to \$225/hr, but an agency may provide written justification for an increased rate for the OAG’s consideration.

⁹ 1 Tex. Admin. Code § 57.4.

- “Not to exceed” — Agencies that wish to use hourly rates to identify an entire classification of employees must use a “not to exceed” rate. For example, such a rate would appear as “Partners’ rates shall not exceed \$300/hr.” This would mean that all partners are covered for any rate up to \$300/hour. If the agency wants to ensure that only certain individuals are providing their legal services, naming each individual and their specific hourly rate can be done. An example of identifying a particular individual, the individual’s classification, and the individual’s hourly rate would be “Susan Smith, Partner, not to exceed \$250/hr.”
- Be aware that outside counsel may not bill for administrative staff/support, law clerks, or interns under Section 5.5 of the OCC (if the contract is based on the OAG’s current template).
- Additionally, a Default Classification is included in Addendum B to allow the OAG more flexibility to approve invoices containing time billed by Attorneys, Paralegals, and Legal Assistants not otherwise listed in Addendum B. For example, if Addendum B includes “Attorney, Partner: \$525” and “Attorney, Associate: \$450,” but does not include “Attorney, Of Counsel,” and an invoice is submitted for OAG approval with time billed for “Attorney, Of Counsel,” rather than deny that billed time, the “Of Counsel” attorney’s hourly rate may default to the lower of either the lowest attorney rate expressly listed in Addendum B, or the hourly rate listed in the invoice.

Fixed Fee or Fee Schedule for Projects or Matters: Instead of using hourly rates, some legal services (for example, immigration, bond, or intellectual property work), may be appropriately billed by a fixed fee per project. An example of a fixed fee per project would be “H-1B Visa Petition, \$900.” If the agency is requesting an OCC with both fixed fee and hourly rates, an agency must draft and upload its own Addendum B that includes language specifically directing when either the fixed fee or hourly rate ranges will be used because the Community system cannot populate billing terms for mixed and hourly services into a standard Addendum B. For example, a contract involving both fixed fees for H-1B Visa Petitions and hourly rates for other services would state “Preparation of H-1B Visa Petition, \$900. All other services are governed by the identified hourly rates.” *Please note, fixed fees should be treated as set amounts, rather than as not-to-exceed limitations.*

For any Invoices with amounts deviating from the fees established by the Outside Counsel Contract, the reason(s) for the deviation(s) must be clearly identified on the Invoice itself. Otherwise, the OAG will be unable to approve payment of the Invoice.

If a subcontractor is providing legal services at a fixed fee, a statement must be provided to the OAG certifying that the time spent on the flat fee work was, at a minimum, comparable to what would have been spent had the firm been billing at the maximum hourly rate allowed under Addendum B of the Outside Counsel Contract.

Billing Period: The billing period is the interval that determines the frequency outside counsel will submit Invoices to the agency. The agency and outside counsel will determine and specify the billing period in each contract. Most frequently, the billing period will be monthly and in a calendar month format (i.e., beginning the first day and ending the last day of the calendar month). Additionally, outside counsel must submit the Invoice(s) to the agency within one calendar month from the end of the relevant billing period covered by the Invoice. Any untimely invoice

submissions by Outside counsel will delay processing and may constitute breach of the outside counsel contract, which could result in an Invoice being disapproved for payment. Agencies likewise must review Invoices and submit Voucher Requests to the OAG in a timely manner.

Travel: By setting hourly travel rates in an OCC, the agency and outside counsel are permitted, but not required, to pay for time spent traveling to or from a place where legal services are to be provided to the agency. Note that an attorney's travel rate may not exceed half of that attorney's standard hourly rate under the OCC. The OAG does not consider it a best practice for attorneys to provide legal services while traveling; however, if an attorney is providing legal services while traveling, the attorney may charge the standard hourly rate for the time spent providing those legal services. Additionally, any timekeepers traveling for work must either be named or fall under one of the timekeeper classifications in Addendum B of the contract; this applies even if the firm is only providing work under a fixed fee schedule.

Invoices for Legal Services and Expenses Under Outside Counsel Contracts

Please note, the OAG establishes a contract number for each OCC upon its approval. An agency may establish its own contract number in addition to the OAG's contract number; however, an agency must note the OAG contract number in all correspondence with the OAG.

a. Invoices

Outside counsel must prepare and submit to the agency correct and complete Invoices and Invoice Summaries for legal services and expenses in accordance with the OCC and the OAG's administrative rules. Invoices cannot be paid by the agency, regardless of the source of funds used, without the prior approval of the OAG. Therefore, after the agency reviews and approves an outside counsel Invoice in accordance with the Outside Counsel Contract and the administrative rules, it must seek approval from the OAG to pay the Invoice.

When an agency determines that an Invoice, or a portion thereof, should be paid, the agency must submit a Request for Voucher Approval through the online Community system. The completed Request for Voucher Approval, a copy of the subject Invoice(s), and all other information required to be submitted by the administrative rules make up one "Voucher Request".

An agency should submit one Voucher Request per billing period per contract (as specified in the OCC). However, one Voucher Request may include multiple Invoices from the same billing period. Multiple Voucher Requests covering the same billing period as other Voucher Requests for the same contract will be rejected as incomplete and may result in an Invoice not being approved for payment.

Outside counsel must submit Invoice(s) to the agency for review withing one calendar month from the end of the relevant billing period covered by the Invoice. The agency must submit Invoices and the corresponding Request for Voucher Approval to the OAG within 25 (twenty-five) days¹⁰ of the agency's receipt of a "correct and complete Invoice"¹¹ from outside counsel.

¹⁰ Tex. Gov't Code § 402.0212(b)(1).

¹¹ See 1 Tex. Admin. Code § 57.6(b) (defining "correct and complete Invoice").

The 25-day-period begins once the last, timely, correct and complete Invoice for the relevant billing period has been received by the agency.

Outside counsel's failure to timely submit each Invoice constitutes a breach of the OCC. Failure to timely submit a Voucher Request to the OAG for review may result in the OAG declining to approve payment of the Invoice(s) included in the Voucher Request, unless the OAG determines that good cause exists for the delay. *No late Voucher Request submissions that include late Invoices will be reviewed by the OAG unless a reasonable justification for the delay has been provided.*

Once the Voucher Request is received and reviewed by the OAG, the Invoice(s), or a portion thereof, will either be approved or rejected, or the agency will be notified that more information is required. If approved, the OAG will issue a Voucher Approval to the agency. The agency may then enter the payment information into the Uniform Statewide Accounting System ("USAS") or, if permitted, otherwise proceed to pay the Invoice. Agencies should use Comptroller Code 7258 when entering payment information into USAS. Once an agency receives a Voucher Approval from the OAG, payment can occur when the agency enters the payment information and approves the documentation in USAS.

If any Invoices under a Voucher Request are rejected, or if the OAG has questions regarding a Voucher Request, it will contact the agency to attempt to resolve the issue. *The OAG cannot discuss invoice issues with outside counsel.*

b. Expenses

If outside counsel bills for allowable expenses, copies of actual, itemized receipts must be submitted to the agency. Additional details of what may and may not constitute reimbursable expenses are found in Sections 5 and 6 of the OCC (if the contract is based on the OAG's current template). Examples of expenses that are not reimbursable include, without limitation: gratuities; alcohol; non-coach class airfare or premium or preferred benefits related to airfare; routine copying charges; fax charges; routine postage; office supplies; telephone charges; local travel (within 20-mile radius of office), including mileage, parking, and tolls; all delivery services incurred by internal staff; air-conditioning; electricity or other utilities; and internet charges.

The OAG shall review outside counsel's Invoices only to determine whether the legal services for which the agency is billed were performed within the term of the contract, and are within the scope of the legal services authorized by the contract, and are therefore eligible for payment.¹² Agencies shall submit to the OAG a statement with each Invoice confirming the agency-approved amounts to be paid to outside counsel for legal services and expenses allowed under the contract and the amount of any expenses allowed under the contract which were paid for directly by the agency or any party other than outside counsel.

The agency shall also include with any Voucher Request (and associated Invoices) submitted to OAG for approval, a written certification, as provided by the Request for Voucher Approval, that the legal services for which the agency is billed were performed within the term of the contract,

¹² Tex. Gov't Code § 402.0212(b).

are within the scope of the legal services authorized by the contract and are reasonably necessary to fulfill the purpose of the contract.¹³ This certification is part of the submission process in the Community system.

Administrative Fee

Outside counsel must pay an administrative fee to the OAG for the review of Invoices.¹⁴ The fee is non-refundable and is due each fiscal biennium. Outside counsel may not charge or seek reimbursement from the agency for the fee.

The initial administrative fee is due to the OAG within 30 (thirty) calendar days of the date the proposed OCC has received final approval by the OAG and been returned to the agency. If outside counsel has not submitted the required administrative fee within that time, the OAG's approval of the OCC may be withdrawn. Any Invoice submitted to the OAG for review as part of a Voucher Request prior to the receipt of the administrative fee will be deemed ineligible for payment until outside counsel submits the requisite administrative fee to the OAG. For OCCs that cross the State's fiscal biennium, separate administrative fees are due to the OAG on September 1 of each subsequent biennium covered by the term of the contract. *Please note that an administrative fee is not due for each Invoice submitted.*

The OAG has granted a very narrow and limited exemption from the administrative fee and Invoice review only for university systems and institutions of higher education regarding certain legal services that are solely related to the prosecution and management of system or institution intellectual property, which includes patents, trademarks, and copyrights. This limited exemption does not apply to the enforcement of intellectual property rights—including litigation—or corporate legal services relating to the monetization of intellectual property. The OAG may rescind this limited exemption at any time. If the OAG decides to conduct periodic testing of Invoices under an OCC that qualified for this limited exemption, the exemption will be deemed rescinded, and the applicable non-refundable administrative fee is due immediately upon notice by the OAG that testing will occur. If an exemption is not requested and/or the OCC's Scope of Services does not qualify for the exemption, but it is subsequently discovered that the agency has been paying invoices without submitting and receiving approval of Voucher Requests, the agency must contact the OAG immediately.

The administrative fee is set on a sliding scale, based on the contract maximum value¹⁵, as follows:

Limitation of Liability Amount	Administrative Fee
Less than \$2,000.00, but more than \$0.00	\$100.00
Equal to or greater than \$2,000.00 but less than \$10,000.00	\$200.00
Equal to or greater than \$10,000.00 but less than \$50,000.00	\$500.00
Equal to or greater than \$50,000.00 but less than \$150,000.00	\$1,000.00

¹³ *Id.* § 402.0212(b-1).

¹⁴ Tex. Gov't Code § 402.0212(c).

¹⁵ Please note, the full administrative fee is owed regardless of what, if any, amount is subsequently invoiced under the OCC.

Equal to or greater than \$150,000.00 but less than \$1,000,000.00	\$1,500.00
Equal to or greater than \$1,000,000.00	\$2,000.00

Please note that no administrative fee is due on a contract with a maximum liability of \$00.00.

If the OCC is amended and the original limitation of liability amount is increased to an amount that would require a higher fee, outside counsel shall pay the difference between the original lesser fee, if already paid, and the new higher fee upon the OAG's approval of the amendment and its return to the agency.

Outside counsel must submit the administrative fee to the following address:

Outside Counsel Invoice
Office of the Attorney General
P.O. Box 13175
Austin, TX 78711-3175

Checks or money orders must be made payable to the "Office of the Attorney General" and reference the OCC Number.

Amending an Outside Counsel Contract

Any change to an executed and OAG-approved OCC must be supported by a written amendment and that amendment must also be approved by the OAG. An agency wishing to amend a contract must submit an amendment request through the Community system. Common reasons for amendment requests include increasing the limitation of liability amount or extending the term (end date). Please ensure the data entered in Community for the amendment terms conform to the OCC amendment template. A copy of the template is available in Community.

Access to the Community System

Community may be used by anyone within an agency who needs access to OCC information. We strongly encourage agencies to review the [Community User Guide](#) for comprehensive details. User profiles in Community are broken into categories:

- Agency Head: Responsible for reviewing and administering the rights for users with Contract and Voucher Requester roles for their agency. The Agency Head also has all the rights of the Contract and Voucher Requester roles. Only one Agency Head permitted per agency.
- Contract and Voucher Requester: Has access to all Community activities except for user administration. Agencies may have more than one Contract and Voucher Requester.
- Contract or Voucher Requester: May only view and submit information and documents related to either RtRs or requests for voucher approval for their agency. An agency may have more than one Contract Requestor or Voucher Requester. Note, these roles are not required if a user with the Contract and Voucher Requester role will manage both RtRs and Voucher Requests for the agency.
