| 9 | | 11. What is the amount, if any, of accumulated depreciation on that property? | | |

| 19 | А. | I applied Public Utility Regulatory Act ² (PURA) § 36.056(a), which requires the | | |

 ¹ Preliminary Order (April 11, 2024).
 ² Public Utility Regulatory Act Tex. Util. Code §§ 11.001-66.016.

| 1 | | Commission to establish proper and adequate rates and methods of depreciation for each | | |
|----|----|---|--|--|
| 2 | | class of property of an electric utility. I also applied 16 Texas Administrative Code (TAC) | | |
| 3 | | § 25.231(b)(1)(B), which states that depreciation expense shall be based on original cost and | | |
| 4 | | computed on a straight-line basis as approved by the Commission and that other methods of | | |
| 5 | | depreciation may be used when it is determined that an alternate depreciation methodology | | |
| 6 | | is a more equitable means of recovering the cost of the plant. | | |
| 7 | Q. | Did CenterPoint engage an outside consultant to perform the depreciation study on all | | |
| 8 | | CenterPoint-owned assets? | | |
| 9 | А. | Yes. Dane A. Watson with Alliance Consulting Group conducted the depreciation study. | | |
| 10 | Q. | Please summarize the depreciation study. | | |
| 11 | А. | The depreciation study was based on CenterPoint's depreciable plant in service as of | | |
| 12 | | December 31, 2022, and analyzed the Company's Electric Intangible, Transmission, | | |
| 13 | | Distribution, and General utility plant assets. | | |
| 14 | Q. | What depreciation system was used in the depreciation study? | | |
| 15 | А. | Mr. Watson utilized a straight-line, broad group, remaining-life depreciation system. | | |
| 16 | Q. | Do you have any adjustments to the annual accrual rates proposed in the depreciation | | |
| 17 | | study? | | |
| 18 | Α. | No. I believe the annual accrual rates proposed in the depreciation study and the methods | | |
| 19 | | used to determine them meets the standards of PURA \S 36.056(a) and 16 TAC \S | | |
| 20 | | 25.231(b)(1)(B). | | |
| 21 | Q. | Will the company be using the depreciation rates proposed in the depreciation study? | | |
| 22 | Α. | No. The company is proposing to use current depreciation rates, as approved in Docket No. | | |

49421.³ By maintaining current depreciation rates, the company will reduce the overall
 revenue request by \$35 million, which I support.
