PUBLIC UTILITY COMMISSION OF TEXAS
CENTERPOINT ENERGY HOUSTON ELECTRIC, LLC
IV-J-6 JUSTIFICATION FOR CONSUMPTION LEVEL-BASED RATES
TEST YEAR END DATE 12/31/2023
DOCKET NO. 56211
SPONSOR: J. DURLAND

The Company has consumption based charges (\$/kWh) for the Residential and Secondary Service Less Than or Equal to 10 kVa and Street Lighting Service rate classes to recover transmission and distribution function costs.

The justification for this form of charge:

- Simplicity and relative cost of metering kWh compared to other billing variables based on customer usage level.
- Long standing customer acceptance and understanding.
- Reasonable alternative variable for primary cost drivers of premise facilities size, maximum usage level, and coincidence with other users.

The Company also has kWh charges for several Riders that are applicable to these rate classes. The justification is the same as above.
