RE: PUC Docket No. 56354 – Undine Texas LLC

To Whom It May Concern:

I am writing to express my strong opposition to the proposed rate increase by Undine Texas that would result in a doubling of water charges for residence in the Commodore Cape subdivision.

An over 100% rate increase will have severe consequences, particularly for families and individuals who are already struggling with rising cost of living. This increase may have a disproportionate impact on low-income households, seniors and others who are already vulnerable. **Sixty percent (60%) of Commodore Cape residents are retired with fixed income and have no resource to recover this rate increase.**

We would request that undine provide more detailed justification for the rate increase, including a clear explanation of the projected use of the additional funds no that would improve our water system and quality of water.

Please do not include Commodore Cape POA, Livingston, Texas 77351 in this rate increase.

Thank you
