Re: Project No. 56455 - Notice of Intent to Apply for Texas Energy Fund In-ERCOT
Generation Loan Program (NOI ID APP-00000241)

To whom it may concern:

Pursuant to 16 Tex. Admin. Code 25.510 (d)(2), Enchanted Rock, LLC. ("Enchanted Rock") submits this letter to notify the Public Utility Commission of Texas of its intent to apply for grants and loans through the Texas Energy Fund. The Texas A&M University System ("A&M System") has expressed interest in collaboration under its "Texas Energy Fund Power Generation Project" solicitation and Enchanted Rock has submitted a notice of intent via the secure online portal, as required. The requested loan will provide financing for up to 60% of the estimated cost of a >100 MW network of dispatchable natural gas generators on A&M System-owned property within the ERCOT region.

Enchanted Rock's exceptional ability to rapidly develop projects is rooted in the inherent flexibility and scalability of its assets. The proposed project will enhance reliability for the grid and resiliency for the A&M System.

Thank you for your consideration.

Sincerely,

Corey Amthor
President, Policy
