Date: Thursday, August 15, 2024 – 7:51 AM

Subject: 56589: Ratepayers ask you to reject the evil memo of 8/14/2024 drafted by a Commission Advising attorney

Public Utility Commission of Texas
1701 N. Congress Ave.
Austin, TX 78701

56589:

**Ratepayers ask you to practice good judgment and reject the devilish evil memo of 8/14/2024 drafted by a
Commission Advising attorney**

Shortly, this email will be formally added as a pleading in docket no. 56589, so that it is later available for the district court's examination of the case.

Commission Counsel Shelah Cisneros: You are hereby asked to identify by name and title the Commission Advising attorney who drafted the baseless, malicious, fraudulent memo of 8/14/2024 in the name of Commission Chairman Gleeson. If you refuse, the attorney will, sooner or later, be identified through a court order. S/he will be subpoenaed to a Travis County District Court and questioned at length regarding the questionable memo s/he chose to draft with the conscious intention of covering up and undermining the obvious prejudice and bias, falsity, deceit, and criminality in the PFD issued on 7/23/2024 by ALJ Katie Moore Marx.

Chairman Thomas J. Gleeson and Commissioners Cobos, Glotfelty, Jackson, and Hjaltman: After 100 days of dealing with the Public Utility Commission of Texas, one can tell that the Commission has no shortage of attorneys who are at ease with consciously planning and executing falsification, distortion, tampering, and wrongdoing.

682 residents within Grand Lakes MUD No. 2 and 2,739 residents within the Grand Lakes community ask you to **practice good judgment** and reject in its entirety the **devilish evil** memo of 8/14/2024 drafted by a Commission Advising attorney. You cannot claim confusion, negligence, ignorance, or negligent ignorance. You have legal, moral, ethical, and civic duties, responsibilities, and obligations. If you choose to set those aside, and as we initiate a Judicial Review under APA § 2001.176, you will be subpoenaed to a Travis County District Court and questioned about your choices; perception of justice and the law; and acceptance of **questionable logic** that the Commission's attorneys want to advance as if it were the norm.
