Re: Docket No. 56665

To Whom It May Concern:

I am writing to protest this settlement in the strongest terms possible in polite language. While I realize that business entities are formed to make a profit, I cannot agree that an almost 300% increase from the rate of the previous provider is fair to the public who must get their water supply from this provider. For at least 30 years, even with higher than normal usage, I never paid more than \$45.00 per month. Almost always the monthly bill was \$33.00 per month for an average month. The negotiated settlement of about \$3.00 less monthly on this high increase is minuscule relief. While I am aware that the price of most everything has gone up, this ludicrous price hike is way out of line. Please, please deny this settlement and renegotiate a more fair and just rate increase.

Sincerely,
