**I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:**

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

**Please check one of the following:**

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. I am

referring to segments 56 and 61, also where 60 and 61  
intersect. There is already an existing transmission  
line through my property what I use for grazing  
cattle and growing hay. I do NOT need another

transmission line going through my property  
taking up more grazing land and yield for  
cutting and baling hay.

My property along the Otsego River,  
that is in a flood plain, where the existing  
transmission line crosses over, would

create more flooding that I do not want

nor need on my place. I need every bit

of grazing land I have now. I need

every acre of land I have now for cutting

and baling hay. I do not want nor

need another transmission line through

my property especially one as large as

the one I proposed, taking away my little  
extra income that I make on cattle.

Thank you,
