I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. We have

cows grazing on our land. We already have AEP powerline + structures supporting
them on our property. I feel that is enough electrical interference for our
area + land we have being used for the power effort. Also, the most
direct routes (0 through 5 + AH) do not include our area.
