Address, City, State: 21270 Spanish DAWNT Rd, San Antonio, TX 78264

I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

See Attached letter.

TO: Public Utility Commission of Texas

We are submitting this letter in protest to the proposed New Electric Transmission Line that will affect my land/property.

I am a military retiree and a 100% Disabled Veteran with numerous health issues that include PTSD, Migraine Headaches, Diabetes and Diabetes associated conditions and asthma. We are having to live with a sandpit behind my land that is adversely affecting us and our fellow Ranchers. We were not advised or informed that this silica extracting plant was coming into our area or made aware of any Impact Studies before the plant was constructed.

Likewise, our neighbors and us did not receive notice of a fact-based informational meeting supposedly held at our local high school. So, this news has caught us off-guard. Powerlines going thru our land definitely poses a health threat to me and would intensify my condition with severe migraines since high powerlines close to dwellings can cause headaches and migraine headaches to inhabitants.

Furthermore, we strongly that having towering light poles or towers will depreciate the value of our land. Also, it would make it difficult to sell our land with those unsightly structures/objects on our land.

Lastly, as a Proud American, a Texan and War Veteran, my wife and I always looked forward to living our lives in peace, in the country and enjoying the beautiful landscape that Mother Nature has provided to us. The proposed Power Transmission Line will destroy all that for us and our fellow ranchers.

We appeal to the responsible agencies to refrain from coming thru our land and consider an alternate route.

Sincerely,

SIGNED

Juan R. Aleman Jr.
