RE: Project No. 57581 - *Application of Valero Refining-Texas LP to Relinquish its Power Generation Company Registration*

RECOMMENDATION

On January 23, 2025, Valero Refining-Texas, LP filed an application to amend its power generation company (PGC) registration pursuant to 16 Texas Administrative Code § 25.109 (TAC). Valero Refining-Texas, LP is requesting to relinquish its PGC registration number 20076. Valero Refining-Texas, LP no longer generates power to be sold at wholesale and has registered as a self-generator .

After a review of the Valero Refining-Texas, LP's amendment request, I have concluded that the company has satisfactorily completed the post registration requirements under 16 TAC § 25.109(f) by reporting a material change in the information provided on the registration form within 30 days of the change. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 TAC § 25.109(c)(5).

Therefore, I recommend that Valero Refining-Texas, LP's amendment request be granted, and Commission records be revised to reflect the relinquishment.
