I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary.

I represent Mable Sadler, and the David Sadler Family Trust. (1) The proposed Segment 26 would cross our property diagonally from west to east, and it does not parallel our property line. (2) Segment 26 would render a portion of our property land-locked and inaccessible. (3) There is already an existing right-of-way that could be utilized which comes off of the Lewis Creek Power Plant and Substation.
