APPLICATION OF SHARYLAND UTILITIES, L.L.C. FOR AUTHORITY TO CHANGE RATES	§ § § § §	BEFORE THE STATE OFFICE OF ADMINISTRATIVE HEARINGS
---	-----------------------	---

**SHARYLAND UTILITIES, L.L.C.’S
PROOF OF NOTICE BY MAIL**

Sharyland Utilities, L.L.C. (“Sharyland”) hereby files its proof of notice by mail, and respectfully shows the following:

On May 1, 2025, Sharyland filed its Statement of Intent and Application for Authority to Change Rates and Rate Filing Package (collectively, the “Application”) in this docket. As discussed in Section VIII of the Application, Sharyland provided written notice by direct mail to: (i) all distribution service providers listed in the last docket in which the Commission set the annual transmission service charges for ERCOT, Docket No. 56050¹; (ii) Commission Staff; (iii) the Office of Public Utility Counsel (“OPUC”); (iv) the other parties to Sharyland’s last base rate case, Docket No. 51611²; and (v) Sharyland’s Wholesale Distribution Substation Service (“WDSS”) customer, AEP Texas, Inc. (“AEP Texas”). A copy of Sharyland’s form of notice was attached to the Application as Exhibit A. The notices provided to Commission Staff, OPUC, AEP Texas, and the other parties to Docket No. 51611 included electronic copies of the Application. This provision of notice is similar to the notice provided in other base rate cases filed by utilities providing only transmission service.³

Attached hereto as Attachment 1 is the affidavit of Reva Reyes, Legal Practice Assistant at Eversheds Sutherland (US) LLP, attesting to the provision of notice by mail as described above and in Section VII of the Application.

NOTICE OF RATE CHANGE REQUEST

May 1, 2025

On May 1, 2025, Sharyland Utilities, L.L.C. ("Sharyland") filed with the Public Utility Commission of Texas ("Commission") a Statement of Intent and Application for Authority to Change Rates (the "Application"). The Commission has assigned this Application as Docket No. 57994, *Application of Sharyland Utilities, L.L.C. for Authority to Change Rates*. This notice is being provided as required by Public Utility Regulatory Act ("PURA") § 36.103 and 16 Texas Administrative Code ("TAC") § 22.51.

The Application is based on a 12-month test year ending December 31, 2024, as adjusted for known and measurable changes. The Application supports an overall annual revenue requirement of \$55,113,251, which represents a net increase of \$6,777,824 over adjusted test-year revenues, or an increase of approximately 14%. This overall revenue requirement will be recovered through Sharyland's Wholesale Transmission Service ("WTS") rates and its Wholesale Distribution Substation Service ("WDSS") rates. Sharyland will recover \$53,953,267 of the proposed revenue requirement through its WTS rates, which represents an increase of \$6,707,756, or approximately 14%, over existing revenues. Sharyland will recover \$1,159,985 of the proposed revenue requirement through its WDSS rates, which represents an increase of \$70,067, or approximately 6%, over adjusted test-year revenues.

The proposed increase is a "major change" as that term is defined in PURA § 36.101. The proposed effective date for the requested rate change is June 6, 2025, which is at least 35 days from the date of the filing. In addition to the proposed change in rates, Sharyland is proposing to update its ERCOT export rate pursuant to 16 TAC § 25.192(e) and to recover its reasonable rate case expenses related to this proceeding, as provided by law, through proposed Rider RCE over a 12-month period. Sharyland also seeks a determination as to the prudence of all capital investment in facilities not previously reviewed for prudence.

The Application affects all transmission service customers in the Electric Reliability Council of Texas, Inc. ("ERCOT") electric market taking service under Sharyland's tariff, including transmission and distribution service providers and distribution service providers that pay wholesale transmission charges in ERCOT, as well as entities exporting power from ERCOT. Sharyland's WDSS customer will be affected by the Application.

Persons with questions or who want more information about the Application may contact Sharyland at 98 San Jacinto Boulevard, Suite 1600, Austin, Texas 78701, or by calling Kelsie Pace at (214) 855-6144, or by sending an email to Kpace@huntutility.com. A complete copy of the filing will be available for inspection at the address listed in the previous sentence. Interested persons may also view the Application and Rate Filing Package on the Commission's website (<http://interchange.puc.texas.gov/>).

Persons who wish to intervene in or comment upon these proceedings should notify the Public Utility Commission of Texas (Commission) as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals may contact the Commission through Relay Texas at 1-800-735-2989. The deadline for intervention in the proceeding is 45 days after the date the Application was filed with the Commission.

The 45th day after Sharyland filed its Application is June 16, 2025. A request for intervention or for further information should refer to Docket No. 57994.
