RE: Project No. 58116, Application of Catalyze Sunnyvale 367 Long Creek Road Microgrid, LLC for Self-Generator registration

RECOMMENDATION

I. Application

On May 15, 2025, Catalyze Sunnyvale 367 Long Creek Road Microgrid, LLC (Catalyze Sunnyvale) filed an application to register as a self-generator (SG) pursuant to 16 Texas Administrative Code (TAC) § 25.109. The unit being registered is a 1.975 MW solar facility.

II. Application Requirements

Under 16 TAC § 25.109(c) to register as a SG a person must use the registration form prescribed by the Commission. A person registering as a SG must provide the following information:

- (1) Contact information of the registrant and the registrant's primary and secondary emergency contacts.
- (2) The name of the current regulatory contact, the contact's e-mail address and telephone number, and if the regulatory contact is an internal staff member of the registrant.
- (3) Information about each generating facility operated by the registrant.
- (4) A description of the types of services provided by the registrant that relate to the generation of electricity.
- (5) An oath or affirmation signed by a representative, official, officer or other authorized person was included with the application.

Furthermore, under 16 TAC § 25.109(e), a person registering as a SG must also submit an affidavit signed by a representative, official, officer, or other authorized person with binding authority over the registrant attesting:

- (1) that the registrant is not a power generation company and does not intend to generate electricity intended to be sold at wholesale; or
- (2) if the registrant is a QF, the registrant either does not sell electricity or provides electricity only to the purchaser of the facility's thermal output.

III. Recommendation

I have reviewed Catalyze Sunnyvale's application to register as a SG and find it to be insufficient. The application is missing page 4 of the registration form. Commission Staff requests the presiding officer to issue an order requiring the registrant to provide a completed page 4 of the registration form and to refile the entire application in Project No. 58116.

If you have any questions, please contact James Kelsaw at (512) 936-7338.
