Notice of Proposed Rate Change

Pursuant to Texas Water Code § 13.187

Aqua Texas
Company Name13201, 13203, 13254, 21059, 21065, 21116
CCN Number(s)

has filed a rate change application with the Public Utility Commission of Texas (Commission or PUCT). The application may be reviewed online at interchange.puc.texas.gov. You may also inspect a copy of the rate change application at your utility's office at the address below or at the Commission's office (1701 N. Congress Ave, Austin, TX 78701). The proposed rates will apply to service received after the effective date provided below, unless modified or suspended by the Commission. If the Commission receives a sufficient number of protests, separately or in a combined protest letter, from at least 7,897 ratepayers (10 percent of the utility's customers over whose rates the Commission has original jurisdiction) or from any affected municipality before the 91st day after the proposed effective date, the matter will be set for hearing. See Protest Form on the next page for instructions on how to protest.

**EFFECTIVE DATE OF PROPOSED INCREASE:** July 25, 2025

(must be at least 35 days after notice is provided to customers and 35 days after application is filed)

(Proposed rates requested by the utility are not final. The Commission may modify the rates and order a refund or credit against future bills all sums collected during the pendency of the rate proceeding in excess of the rate finally ordered plus interest.)

Reason(s) for Proposed Rate Change:

The proposed rate change is being requested in order to recover capital investments Aqua Texas has made to maintain and improve its systems since the last rate case(s) and to reflect inflationary increases to Aqua Texas' operating costs.

Updated: September 29, 2021

To: Public Utility Commission of Texas

I am writing in regards to the proposed rate increase by aqua texas. We have lived in a neighborhood serviced by aqua for about 5 years. As soon as we received our 1st bill, we were shocked at the cost of the water. Since then, the cost continued to rise. The cost is significantly more than my previous residence, where we used considerably more water due to the acreage of the lot. This cost is a hardship for many of the residents that live in our modest neighborhood with small lots, where the bills are routinely over 200\$, some reporting bills in the 300-400\$ range.

In addition, the service provided is subpar. There is a considerable amount of sediment in water. Many residents have installed water filtration systems at great expense. Our next door neighbor's water heater line burst due to being blocked by sediment.

We ask that this request be denied to avoid further financial burden on the residents. Water is a necessity, not a luxury and the cost should not be a cost of a luxury service.

Thank you for your consideration,

Jenny and William Hammond
