Item Number - 1633

PUCT DOCKET NO. 58124

Ratepayer Comments/Requests To Intervene

Use this form to speak out if you disagree with the filing
or want to get involved in the case.

If you wish to PROTEST the proposed rate change, you must complete this form and file it electronically using the PMC Interchange Filer (<http://www.puc.texas.gov/industryfilings/E—FilingInstructions.pdf>) or mail the original to

Filing Clerk
Public Utility Commission of Texas
1701 North Congress Avenue
P.O. Box 13326
Austin, Texas 78711-3326

No hearing will be held and the rates will be effective as proposed unless protests are received from at least 10% of ratepayers or from any affected municipality, or the Commission Staff requests a hearing.

CUSTOMER INFORMATION (please provide all of the requested information)

First Name: Kurt Last Name: Reser

Phone Number: 402-680-8338 Fax Number: _____

Email Address: kurt.reser@gmail.com

Address, City, State: 15611 Stable Brook Circle Cypress, TX 77429

Location \where service is received: _____

Please fill out the following:

I wish to PROTEST the following proposed rate action/s:

☒ I wish to be a COMMENTER. I understand that: I am NOT a party to this case; my comments are not considered evidence in this case; and I have no further obligation to participate in the proceeding. Public comments may help inform the PUCT of the public concerns and identify issues to be explored. Please provide comments below. Attach a separate page, if necessary.

The rate changes proposed by Aqua Texas represent a significant increase to Aqua Texas customers; 46% rate increased based upon 10,000 gallons monthly usage. A major portion, ~65%, of this rate increase is a result of a new wastewater charge being added. This wastewater charge is based upon on the consumption gallon used by the customer. The use of the full consumption usage for wastewater is inaccurate because not all water flowing through the meter will be treated by the wastewater facility, i.e. lawn sprinklers, pools, etc. This additional charge is not equitable and needs to be representative of the flow

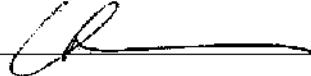

encountered by the wastewater facility.

Additionally, Aqua Texas did not provide enough notice for parties to fully understand the necessity for the rate changes. The formal notification indicated the net revenue increases for both water treating and wastewater treatment but did not provide any details as to how these increased revenues will bill used to benefit it's customers. For example in our neighborhood, Stable Gate, we encounter several issues with the back up generators not working properly and necessitating boil water notices. Wil these boil water notices are a necessity for public safety the customer does not get credited the water usage for these events due to an Aqua Texas equipment failure.

The roll out of this rate increase was with little notice other than a new rate package being mailed to our residence. Aqua Texas was not and still is not transparent with it's customers regarding the proposed rate increase. No formal notices or public meetings were held with the communities Aqua Texas provides service to of a pending change in it's rate structure.

☐ I am requesting to INTERVENE in this proceeding. As an IN INERVENOR, I understand that: I am a party to the case; I am required to respond to all discovery requests from other parties; I may be required to attend hearings, and if I file testimony, I may be cross-examined in the hearing; if I file any documents in the case, I must provide a copy to every other party in the case; and I acknowledge that I am bound by the *Procedural Rules of the PUCT* and the State Office of Administrative Hearings (SOAH).
