Re: AQUA rate increase; Control Number 58124

To Whom it May Concern:

I understand AQUA intends to increase the water rate based on usage in July 2025. I am writing to vehemently oppose the rate increase.

My meter size is 5/8 and my current rate is \$44.85. It is my understanding the intended rate increase is as follows: 0-5000 gallons: 93% rate increase; 5000-10000 gallons: 106% rate increase; 10,000-20,000 gallons: 150% rate increase; over 20,000 gallons: 125% rate increase.

The rate increase is absurdly high and will dramatically increase my monthly bill. I want my protest and opposition to be formally noted, and I would like there to be a hearing on the matter before any increase is implemented.

Thank you for your time and consideration.

Sincerely,

Susan Wassell
